The sum is always greater than the parts. The combined efforts of a more than 4000-strong* workforce at Orient Cement, making it a force to reckon with, are a fine testament to this. Every member of the Orient Cement family is also a true spokesperson of the company who speaks the language of ambition, commitment and passion. This Annual Report for the year 2016-17 captures the efforts of these employees that have helped the Company stride ahead, even in the face of adverse challenges. It is an ode to the spirit of Orient Cement and its family.

*Includes indirect (contract workmen) employees

VISION

Grow to be a relevant national player, driven by execution excellence and be the 'employer of choice' and 'neighbour of choice'.

VALUES

- Foresight amidst pessimism
- Persistence during adversity
- Focus within choices
- Empowerment coupled with controls

Orient Cement Limited.

One of India's most exciting cement companies.

Pursuing growth ambitions along with cost leadership.

Graduating from a regional presence into a pan-India personality.

Background

Formed in 2012 following the demerger from Orient Paper & Industries Ltd., Orient Cement has emerged as one of the fastest growing and leading cement manufacturers in India.

Manufacturing facilities

The Company has three cement manufacturing plants in Devapur (Telangana), Chittapur (Karnataka) and Jalgaon (Maharashtra). The Company operates an aggregate cement manufacturing capacity of 8 MTPA with a clinker manufacturing capacity of close to 6 MTPA.

Acquisition

Orient Cement recently announced an intention to acquire a 74% stake in Bhilai Jaypee Cement Limited having an integrated capacity of 2.2 MTPA and a separate grinding unit in Nigrie with a capacity of 2.0 MTPA. This is expected to enhance the Company's cement manufacturing capacity to 12.2 MTPA along with an entry into the central and eastern markets of India.

Certifications

The company is a responsible cement manufacturer accredited with ISO 9001:2008, ISO 14001:2004 and OHSAS

18001:2007 standards. The company regularly modernises its manufacturing infrastructure and equipment with the objective of enhancing operating efficiencies, maintaining product quality and conserving energy and emissions. As a result of its efforts, the Company won the Total Plant Maintenance (TPM) Excellence award from JIPM, Japan, the second company in India to earn this distinction.

Markets

The Company sells its cement predominantly in the states of Maharashtra, Telangana, Karnataka, Andhra Pradesh, and Madhya Pradesh. It also sells cement in the states of Chattisgarh, Gujarat, Goa and Tamil Nadu.

Brands

The company produces two cement varieties (Ordinary Portland and Pozzolana Portland Cement) marketed under the Birla A1 Premium flagship brand. The company's brand is synonymous with excellent quality, high product resilience and robust load-bearing capability.

Orient Cement. Where the currency is passion

Most companies are driven by a few individuals with the largest financial ownership.

Orient Cement is driven by a large number of individuals with extensive emotional ownership.

For most companies, a day at work is just an occupation to earn a living.

At Orient Cement, every workday is an opportunity to discover oneself.

For most people, a day at work is spent in addressing the routine.

At Orient Cement, every workday is an opportunity to transform one's workspace, company and life - for the better.

In most companies, change is slow, gradual and incremental.

At Orient Cement, we have empowered our people to make the biggest change in the shortest time.

A 32 year old company with a start-up mindset.

Growing conviction that the good can be easily made better.

A growing obsession with finding and eliminating waste.

Where the most disruptive word is 'Why?'

A belief that God lies in the small details.

An excitement of bringing youthfulness to one of the oldest industrial sectors.

Where 'culture' is not some fossilised way of working but a passion-driven way of making change happen.

Where sales managers discuss 'Big Data' and their cutting-edge technologies

Where people speak up at meetings.

Where authority and responsibility are provided irrespective of age.

Where hierarchy has been replaced by meritocracy.

Where 'kuch naya sochay' is probably the most frequently-used line.

Where employees have begun to refer to factories as 'campuses'.

Where the average age is declining.

Where there are more women in the workforce than ever before.

Where no cost is sacred.

Where 'Does this represent the very best standard?' is being increasingly used in every meeting.

Orient Cement.
Large company body.
Small company soul.

Passion at work

'NO ONE'S ASKED ME FOR AN AUTOGRAPH BUT THEN YOU **NEVER KNOW WHAT MIGHT HAPPEN TOMORROW...**'

ATUL DIXIT
MECHANICAL TEAM, JALGAON

At Orient Cement, the more anyone says 'this can't be done', the more that proposition is questioned.

One day, the management dared me to a challenge: optimize grinding operations at Jalgaon.

The first reaction was a yawn. Because whatever one assumed should have been done in improving processes would have been done decades ago I thought.

But we learnt in college that when you can't understand something, just put every number on a sheet of paper. Stare at the numbers. Then you will see a pattern. And suddenly a solution will emerge.

That is what I did when examining various optimization opportunities. I got my first opportunity when I noticed that the plant transported fly ash through the pneumatic route to the cement mill. Pneumatic route? Hey, I had studied physics in school: wouldn't this be higher in cost that, say, low capacity blowers?

So I wrote a paper and presented this to the management: the numbers, logic, argument and cost.

I prepared for the verdict: 'Good try. But we don't think this will work.'

Instead, what I heard was: 'When can you show us the prototype?'

The long and short of this is that following implementation, the cost of fly ash conveyance declined. Moderated maintenance frequency. Accelerated fly ash unloading and vehicle turnaround time. And this model is ready for implementation across two more Orient Cement factories.

There is a certain high when you walk the shop floor at Orient Cement and colleagues whisper 'Achcha, yahi hai woh banda....'

No one's asked me for an autograph but then you never know what might happen tomorrow.

'THE MOVING MOMENT WAS WHEN MY COMPANY SENT ME A MESSAGE THAT IT WAS MISSING ME ON THE BATTLE-FRONT'

SAGAR TYAGI
TECHNICAL SERVICES TEAM, CHATTISGARH

My job: market our Orient Cement brand across eight depots in 16 districts across 600 sq. kms.

My routine: visit dealers and distributors to enhance brand awareness.

My destiny: an accident in August 2015 following which I was hospitalized, had metal rods inserted in my legs and was provided a walking stick.

My fear: my company would draw out the hisaab-kitaab and say ke bhai, we think you might be suited to a desk job in another company.

My moving moment: my company sending a message that they were missing me on the battle-front.

My response: I over-achieved all my targets after I rejoined. I made a video that explained the Pressure Sustaining Technology to an unskilled person, which won the first prize and Rs. 11,000 (this was used to buy blankets for the underprivileged).

My learning: any company that can provide a relatively new employee with eight months of paid leave is more than a company - it is a family.

'WHAT I HEARD WAS MUSIC TO MY EARS: 'KAB SHURU KAROGE?'

ROSHAN REDNAM
TECHNICAL SERVICES TEAM, COASTAL ANDHRA AND WARANGAL

At Orient Cement, my job is to engage with primary customers: masons, contractors, builders, engineers and architects.

For years, the usual mode of engagement was conducting a lecture-shecture and giving each attendee a gift.

At our company, this idea received a standard response: 'Boring!'

And that is how one came across the idea of conducting a cube casting competition. This would engage the workers into something intellectual. This engagement would be extended so it would provide them with an exposure to our product. And most importantly, it would expose them to us across days and days, which was a nice opportunity to build friendships and relationships.

But it is one thing to propose this; it is another to get it accepted.

When I went to the Orient Cement management, I prepared for the usual: 'Please think of something practical' or 'This doesn't work in our business.'

What I heard was music to my ears: 'Kab shuru karoge?'

And that is how a three-month competition started. Building a cube with recycled aggregates from demolished buildings.

The activity proved to be a resounding success. Testing was conducted by NIT.

The feedback: 'Orient Cement is the first company to have treated us like creative professionals.'

'NORMAL IS BORING'

KAMLESH TEMBHURNE
MINING TEAM, DEVAPUR

There are three words to describe life at Orient Cement: normal is boring.

Three instances stand out.

The GM Finance had an idea of utilising sub-grade limestone. Normally, some engineer would have told him 'Why don't you leave this to the experts.' On the contrary, they encouraged him. The result is that the company increased subgrade limestone consumption in the raw material mix to a point where this is the new normal.

Similarly, someone came up with the idea of converting a depleted mine into a natural water reservoir.

The usual response would have been 'Impossible!' The result is that Maisamma Sagar (capacity 5.5 mn cubic meters) is now a pleasing reality.

And then we had this water evaporation challenge. Someone suggested a technology called EVALOC. All it took was two hours to demonstrate how it worked. The result is we now save 30% reservoir evaporation.

And all because we didn't say 'How crazy!' but said 'How interesting!' And that made all the difference.

'MAGIC HAPPENS WHEN PEOPLE WORK TOGETHER...'

E. RAJESHKUMAR
ELECTRICAL & INSTRUMENTATION TEAM, DEVAPUR

I was involved in ensuring compliance with the MoEF norms at the Devapur plant – without a plant shutdown, production loss or large investments.

Our team responded with an interesting plan: implement hybrid ESPs which combined the best of filtration and electrostatic precipitators, thereby increasing SPM filtration efficiency.

We thought no one would give this a second thought; the management said 'go ahead' instead.

We implemented ESPs across all three lines with safety and electrical precautions – and without halting production.

The magic was that our electrical, instrumentation and measurement teams worked together – with complete management support.

What we learnt was that when people work together amazing things can happen.

'WE ARE STILL WAITING FOR THE SOLUTION TO FAIL...'

TENSINGH RATHOD
MECHANICAL TEAM, CHITTAPUR

One day a thought occurred while observing our double-discharge conveyor: How inefficient!

There just had to be a way to improve it.

After some study, planning and re-planning, I created a model to improve efficiency and reduce power consumption.

For a lark, I took it to the management. I had a gut feeling: someone would turn around and say 'But we can't trust something created in a garage!'

What the management said was 'Contact the OEM that manufactured our conveyor. Get them to verify the upgrade.'

I actually said: 'Er, I don't understand. Can you repeat what you just said?'

I prepared a report. I discussed with the OEM. I got a clearance for the modification (can you believe?).

We implemented on just one circuit, prepared for failure.

We are still waiting: no problem for five months! Imagine what this will save for the company when fully implemented! And imagine if implemented across all plants!

The credit for this? Not me. But the supervisor who didn't dismiss me from sight when he first saw what I had to show him.

'ORIENT CEMENT HELPED TRANSFORM MY MINDSET FOR LIFE!'

DHIRAJ KUMAR SANKHLA
BRANDING TEAM, HYDERABAD

When I joined Orient Cement in 2015, I wondered what the company would be like. Bureaucratic or nimble? "Kal aana" or "Aaj karo"?

I had a theory – when you wish to appraise the working culture of a company, test it across an unusual suggestion. If the system balks, you have your answer.

So I soon attempted to test the company out. I presented the management with a "zaraa hatke" idea on branding. Within minutes I got a reply on email: 'When can you present this to the seniors?' Here I was thinking I'd test the company on the basis of its response time; I soon realized that the ball was right back in my court and the company was testing me out instead!!

One of the biggest transformation initiatives at Orient Cement has been

in its overhauled decision making cycle: the proposal and approval procedure of a couple of months has been slashed to a couple of days. Most proposals would earlier be sent by longstanding employees; now virtually anyone within can send improvement suggestions.

The result of this refreshing Orient Cement spirit is reflected in my professional and personal spaces: I won the Best Performer award for branding; I was included in the internal 'CEO Circle' programme for career progression; I was motivated enough by the "do it now" culture to moderate my weight from 96 kgs to 72 kgs; and I've completed a 160 km cycling tour to Warangal now!

Orient Cement has not just transformed its operating culture; it helped transform my mindset for life!

'THE POWER OF AN IDEA WHOSE TIME HAS COME'

NANDINI BHATTACHARJEE
HUMAN RESOURCES TEAM, HYDERABAD

There was a time when there used to be a distance between the senior management and employees, pervasive across cement industry.

Them and us.

We, at Orient Cement, created an internal networking platform called JAM modeled around social media. To remove that wall between the two.

One expected to hear 'This is cement industry. It would not work here'.

But something else happened. Employees began to share stories of their lives. 'Names' became 'people'.

'CEO' became 'human'. 'Seniors' became 'friends'.

Suddenly Orient Cement was not 'there'; it was 'here' – always with us through a smartphone.

And just as suddenly, Orient Cement has become more than a 'company'; it has become a 'platform.'

Imagine the strength of a social network within a company that exchanges ideas, collaborates on projects and communicates cross-functionally – without meeting each other!

This is the power of an idea whose time has come.

A new Orient Cement culture is
transforming our personality.

From commodity to value-addition.

From the narrow to the holistic.

From discipline to passion.

From products to solutions.

From transactions to relationships.

From the short-term to the long-term

From vendorship to partnership.

From transient to sustainable.

From the average to the benchmark.

We have been a regional cement company for more than 30 years.

We are growing fast into a national company fast.

We grew revenues moderately till 2016.

We are growing revenues faster (29%, 2016-17) as we get larger.

We were a manufacturing-driven company earlier.

We are a holistically-focused passion-driven company today.

We were a senior management-driven company.

We are a grassroots-driven company today.

We were a company that believed that our wealth lay in plants.

We live the philosophy that our true wealth lies in our people.

This new Orient Cement culture is reflecting in the speed of our personality transformation.

Chairman's overview

Orient Cement is reinventing itself in a number of ways.

The most exciting development that I need to communicate to our shareholders is one of a dramatic transformation.

In this microcosm lies a picture of the transformed company: give Orient Cement a challenging problem and the employees will respond as a single team to outperform and over-achieve.

Primarily, the transformation is in the organizational mindset.

We are hungrier for growth, fast-moving in responsiveness, accepting of new technologies, recruiter of young talent and a willing trier of new ideas.

The sum of these transformations is that even as we were considered to be a regional company till recently, the transformed Orient Cement aspires to be a serious pan-India player.

I am pleased to report that even as we had drawn out a target to transform our consolidated cement manufacturing capacity from 5 mn tonnes per annum a few years ago to 15 mn tonnes per annum by 2020, we are expecting to reach a capacity of 12 mn tonnes per annum almost three years ahead of our target.

In this microcosm lies a picture of the transformed company: give Orient Cement a challenging problem and the employees will respond as a single team to outperform and over-achieve.

This DNA provides me with the confidence that the company will rise to its true potential and enhance value for all its stakeholders across the foreseeable future.

Chandrakant Birla, *Chairman*

At Orient Cement, we are chasing an overarching objective: to emerge as a relevant national player.

When we enunciated this vision in 2013, we were a 5MT company. We indicated that even as we had grown from scratch to 5MT in the space of 30 years, we would treble that capacity in a fraction of that time. I am pleased to state that we are progressing well towards our stated objective and are poised to achieve 70 per cent of that challenging target three years before 2020 and widen our regional foot print into a pan-India personality. And we are working frantically to achieve our goal for 2020.

That this acquisition-led capacity accretion is coming close on the heels of our organic capacity expansion from 5MT to 8MT indicates that the reinvented Orient Cement is opportunity-ready and prepared for whatever it takes to become a serious national player.

We have achieved and intend to achieve our targets through the interplay of three priorities articulated clearly in our vision: excellence in execution, being an employer of choice and being a neighbor of choice.

Excellence in execution.

For long, 'excellence in execution' within our sector implied various changes

only at the manufacturing end. In the reinvented Orient Cement, execution excellence implies doing everything better - we are in effect raising the bar across our company.

At Orient Cement, we strengthened our execution across all functions and the result is that our company is today a virtual hub of various concurrent projects (a number of them driven by professionals under 30 years in age, if I may add) that address real marketplace challenges through the potent fusion of problem definition & understanding, youth, technology and lateral thinking.

Employer of choice.

We believe that the energy for our growth comes from the people who run this company. Unlike most other companies, there is a refreshing reality at play at Orient Cement - that it is not run by senior management alone but by virtually every individual who works with us within her or his circle of influence. The reinvented Orient Cement is not the conventional command-driven company; but an empowered organisation where even as strategic directions are identified by the seniors, the change is

driven from all pockets, tiers and locations.

We believe we have embarked on an exciting fusion of cement sector seriousness with start-up passion. The result is that process and product improvements have extended from being the preserve of the few to the playground of many. This is translating into not just a new pair of eyes through which we see the challenges and opportunities in our sector but also enabling us to attract talent and successfully compete as an employer beyond our sector.

Neighbor of choice.

We believe in a sense of responsibility to all stakeholders as well as our future generations and strive to balance environment integrity on the one hand with economic competitiveness on the other. In fact, in many cases - like in our use of subgrade limestone during this year - what is good for the earth is also good for our business.

At Orient Cement, we have extended our environment commitment beyond compliance with the prevailing statutory norms to taking on additional and

voluntary responsibility to conserve resources and energy, creating additional green cover and being sensitive to community interests wherever we operate. Our membership to the Cement Sustainability Initiative, under the aegis of the World Business Council for Sustainable Development (WBCSD) is yet another step in this endeavor.

Overview.

There is a new smell at Orient Cement. This new smell is marked by resilience, discomfort with the status quo and a desire to make a positive difference. The markets may present diverse challenges; Orient Cement will endeavour to transform them into opportunities.

Someone at our company said it neatly the other day: 'We only get one life. This is our chance to make it memorable.'

Precisely.

Deepak Khetrpal
Managing Director

We believe that the most successful companies of the future will be those that balance environment integrity on the one hand with economic competitiveness on the other.

How we do business

The context of our business

Under-penetration: India is marked by an under-penetrated cement consumption: per capita offtake of 190 kgs compares weakly with the corresponding global average of 350 kgs, indicating attractive room for sustainable growth

National growth: India is a fast growing economy; the country outlined an unprecedented investment of almost Rs. 4 lakh cr in its infrastructure, which is expected to catalyse pan-India cement offtake

Brand: India's cement offtake is being increasingly driven by strong pan-India brands, enhancing the role of trust, visibility and product accessibility

Specific attributes: India's consumption of cement is graduating from generic to customised varieties around specific applications, enhancing the role of product adaptation

Culture

People focus: The Company proactively engages in people development within the organisation. By conducting sales training, operational training and technical training, the Company ensures employee development & growth. Initiatives like 'Medhas' promote knowledge sharing between the Company's plants, optimising operations. Management training programmes engage talent in practical learning and growth.

Environment focus: The Company's commitment to environmental management has won accolades over the years. The Company strives to lower its environmental impact through process optimisations, alternative fuel sources and increased PPC production. Greenbelts around our units help abate pollution as well as increase the biodiversity index, control rainwater runoff and prevent soil erosion.

Governance focus: The Company has a well-structured corporate governance framework which ensures fairness, accountability and transparency at the same time promoting growth and development. A merit based culture within the organisation encourages goal driven performance at the same time encouraging innovation and collaboration within the various divisions.

Sustainability focus: The Company is committed to scale growth sustainably. By consciously improving resource management, conservation efforts and emissions control, the Company strives to keep its operations clean, efficient and environment-friendly. Orient Cement joined the Cement Sustainability Initiative (CSI), with the goals of climate protection, raw material & waste management, health & safety, emissions management, enhancing biodiversity and recycling.

Micro-model

Operational optimization: The Company looks for new and improved ways to optimise its operations, from procurement, production, packing and logistics. Through improvements in processes and procedures, Orient Cement aims to scale capacity, achieve high utilisation levels while maintaining efficiency. Optimisation efforts are aligned to the Company's Vision 2020.

Cost management: By ensuring prudent cost management at every possible stage, the Company achieves low costs of production. An effective raw material strategy including alternative fuel sources, contracts for fly ash security, and better utilisation of finite resources.

Talent management: The Company has dedicated talent management practices to train and nurture talent.

Cross communication and knowledge sharing is encouraged via various initiatives and a dedicated programme to identify dynamic employees to train for future leadership roles. Hiring from top colleges has also resulted in a balanced competency mix. Management training programmes offer the freedom to engage in diverse roles.

Macro-model

Capacity expansion: The Company is adding capacity in line with its vision of achieving 15MTPA capacity by the year 2020. Through a balance of commissioning and optimisation, the Company has grown from 5MTPA to 8 MTPA through its latest addition in Chittapur. The Company has leveraged its assets effectively to achieve impressive capacity utilisation.

Acquisitions: At Orient, capacity is also augmented through acquisition. The Company has recently signed the definitive agreements to acquire units strategically located in Madhya Pradesh and Chattisgarh, adding capacity and bringing newer markets within reach.

Brand equity: Strong brand equity has helped the Company sustain growth in the market. The Birla A1 Premium brand is synonymous with structural strength and integrity with high brand recall in all of its key markets.

How a reinvented Orient Cement is transforming realities

Employees speak of a dynamic organisational culture

"At the reinvented Orient Cement, we transformed the conventional logistics plan with a new plant-to-depot model using rail and road routes and extended this to a plant-to-market model"

"We improved palletisation through an ingenious solution in place of the manual process"

"We are using RFID and GPS to significantly reduce truck turnaround time."

"Nobody ever seems satisfied with the status quo here!"

"I was given charge of a painstakingly comprehensive Sales Force Automation; we achieved 100% implementation in only a year."

"We are working on key account management to automate B2B orders."

"We are drawing up a digital roadmap within the company and already implementing several initiatives"

"This cement company is absolute fun!"

"I am engaged in machine integration, among the first instances of this kind in India, making it possible to track equipment performance, real time. The company actually let a NextGen employee experiment!"

"We conducted an employee engagement survey for the first time in 2016 to understand

employee needs. Once the grey areas were identified, we partnered consultants to create action plans."

"Until a few years back, there were just 4 women employees in Orient Cement; there are 49 today."

"As a NextGen inductee, I was asked to manage a two-member project. The extent of responsibility delegation is amazing: what one expected to do in years one was asked to work on in months."

"This organisation is fluid; hierarchy is never felt; the peer-to-peer relationship is remarkable."

RESOLVED FURTHER THAT, in the event the Equity Shares are issued in the course of QIP under Chapter VIII of SEBI (ICDR) Regulations, as amended from time to time, the pricing shall be determined in compliance with principles and provisions set out in Regulation 85 of Chapter VIII of the SEBI (ICDR) Regulations, as amended from time to time. The Company may offer a discount of not more than 5% (Five percent) on the price calculated for the QIP or such other discount as may be permitted under SEBI (ICDR) Regulations, as amended from time to time.

RESOLVED FURTHER THAT, in the event the Equity Shares are issued in the course of QIP under Chapter VIII of SEBI (ICDR) Regulations, as amended from time to time, the relevant date for the purpose of the pricing of the Equity Shares shall be the meeting in which the Board decides to open the issue.

RESOLVED FURTHER THAT, the Company may enter into any arrangement with any agencies or bodies as are authorized by the Board for the issue of GDRs and / or ADRs represented by underlying equity shares in the share capital of the Company with such features and attributes as are prevalent in international / domestic capital markets for instruments of this nature and to provide for the tradability and free transferability thereof in accordance with market practices as per the domestic and / or international practice and regulations, and under the norms and practices prevalent in the domestic/ international capital markets and subject to applicable laws and regulations and the Articles of Association of the Company.

RESOLVED FURTHER THAT, for the purpose of giving effect to the above resolutions, the consent of the Company be and hereby accorded to the Board to do all such acts, deeds, matters and things including but not limited to finalization and approval of the offer documents(s), private placement offer letter, determining the form and manner of the issue, including the class of investors to whom the Securities are to be issued and allotted, number of Securities to be allotted, issue price, face value, fixing the record date, execution of various transaction documents, as the Board may in its absolute discretion deem fit and to settle all questions, difficulties or doubts that may arise in regard to the issue, offer or allotment of Securities and utilization of the proceeds as it may in its absolute discretion deem fit.

RESOLVED FURTHER THAT, the Securities to be created, issued, allotted and offered in terms of this Resolution shall be subject to the provisions of the Memorandum and Articles of Association of the Company.

RESOLVED FURTHER THAT, the Equity Shares shall be listed with the stock exchanges, where the existing Equity Shares of the Company are listed and the same shall rank pari passu with the existing equity shares of the Company.

RESOLVED FURTHER THAT, in the event the Equity Shares are issued in the course of rights issue, the Board shall be authorized to determine the rights entitlement ratio, issue price, issue size, number of Equity Shares, record date, issue period, any other terms of rights issue or any matters pertaining to the rights issue.

RESOLVED FURTHER THAT, in the event the Equity Shares are issued in the course of rights issue, if the Equity Shares are not subscribed, the same may be disposed of by the Board in such manner which is not dis-advantageous to the shareholders and the Company.

RESOLVED FURTHER THAT, the approval of the Company is hereby accorded to the Board to appoint merchant bankers, underwriters, depositories, custodians, registrars, trustees, bankers, lawyers, advisors and all such agencies as may be involved or concerned in the issue and to remunerate them by way of commission, brokerage, fees or the like (including reimbursement of their actual expenses) and also to enter into and execute all such arrangements, contracts/ agreements, memorandum, documents, etc., with such agencies, to seek the listing of Securities on one or more recognized stock exchange(s), to affix common seal of the Company on any arrangements, contracts/ agreements, memorandum, documents, etc. as may be required.

RESOLVED FURTHER THAT, the issue of Securities, which are convertible into Equity Shares at a later date, shall be, inter alia, subject to the following terms and conditions:

(a) In the event the Company is making a bonus issue by way of capitalization of its profits or reserves prior to the allotment of the Equity Shares, the number of Equity Shares to be allotted shall stand augmented in the same proportion in which the equity share capital increases as a consequence of such bonus issue and the premium, if any, shall stand reduced pro tanto;

(b) In the event of the Company making rights offer by issue of Equity Shares prior to the allotment of the Equity Shares, the entitlement to the Equity Shares will stand increased in the same proportion as that of the rights offer and such additional Equity Shares shall be offered to the holders of the Securities at the same price at which they are offered to the existing shareholders;

(c) In the event of merger, amalgamation, takeover or any other re-organization or restructuring or any such corporate action, the number of Equity Shares, the price, and the time period as aforesaid shall be suitably adjusted; and

(d) In the event of consolidation and/or division of outstanding Equity Shares into smaller number of Equity Shares (including by way of stock split) or re-classification of the Securities into other Securities and/or involvement in such other event or circumstances which in the opinion of concerned stock exchange requires such adjustments, necessary adjustments will be made.

RESOLVED FURTHER THAT, for the purpose of giving effect to the above, the Board in consultation with the merchant banker(s), advisors and/or other intermediaries as may be appointed by the Company in relation to the issue of Securities, be and is hereby authorised on behalf of the Company to take all actions and do all such acts, deeds, matters and things as it may, in its absolute discretion, deem necessary, desirable or expedient for the issue and allotment of Securities and listing thereof with the stock exchanges or otherwise as may be required in relation to the issue and to resolve and settle all questions and difficulties that may arise in the issue, offer and allotment of Securities, including finalization of the number of Securities to be issued in each tranche thereof, form, terms and timing of the issue of Securities including for each tranche of such issue of Securities, identification of the investors to whom Securities are to be offered, utilization of the proceeds and other related, incidental or ancillary matters as the Board may deem fit at its absolute discretion, to make such other applications to concerned statutory or regulatory authorities as may be required in relation to the issue of Securities and to agree to such conditions or modifications that may be imposed by any relevant authority or that may otherwise be deemed fit or proper by the Board and to do all acts, deeds, matters and things in connection therewith and incidental thereto as the Board in its absolute discretion deems fit and to settle any questions, difficulties or doubts that may arise in relation to the any of the aforesaid or otherwise in relation to the issue of Securities.

RESOLVED FURTHER THAT, the Board be and is hereby authorised to delegate (to the extent permitted by law) all or any of the powers herein conferred to any officer of the Company."

EXPLANATORY STATEMENT IN RESPECT OF THE SPECIAL BUSINESS PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

Item No. 5

Based on the recommendation of Nomination & Remuneration cum Compensation Committee of the Board, the Board of Directors of the Company had appointed Mr. I.Y.R. Krishna Rao (DIN 00481367) as an Additional Director of the Company in the category of Independent Director with effect from 5th May, 2017.

Pursuant to the provisions of section 161 of the Companies Act, 2013, Mr. I.Y.R. Krishna Rao (DIN 00481367) will hold office up to the date of the ensuing Annual General Meeting of the Company. The Company has received notice in writing under the provisions of section 160 of the Companies Act, 2013, from a member along with a deposit of ₹1,00,000/- (Rupees one lac only) proposing the candidature of Mr. I.Y.R. Krishna Rao (DIN 00481367) for the office of Independent Director, to be appointed as such under the provisions of section 149 of the Companies Act, 2013.

Requisite consent has been received from Mr. I.Y.R. Krishna Rao (DIN 00481367) pursuant to provisions of section 152 of the Companies Act, 2013. In the opinion of the Board, Mr. I.Y.R. Krishna Rao (DIN 00481367) who is proposed to be appointed as an Independent Director of the Company for the period of 5 years up to 4th May, 2022 fulfils the conditions specified in the Companies Act, 2013 and the Rules made thereunder read with SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The Board considers that his continued association would be of an immense benefit to the Company and it is desirable to continue to avail services of Mr. I.Y.R. Krishna Rao (DIN 00481367) as an Independent Director.

Mr. I.Y.R. Krishna Rao (DIN 00481367) is directly concerned and interested in this resolution as it relates to his appointment. Except Mr. I.Y.R. Krishna Rao (DIN 00481367), no other Director or Key Managerial Personnel of the Company and their relatives are in any way concerned or interested in the resolution.

Mr. I.Y.R. Krishna Rao (DIN 00481367) along with his relatives does not hold any shares in the Company and has no relationship with any of the other directors of the Company.

The resolution seeks the approval of members for the appointment of Mr. I.Y.R. Krishna Rao (DIN 00481367) as an Independent Director of the Company pursuant to section 160 and other applicable provisions of the Companies Act, 2013 and the Rules made thereunder read with SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. He is not liable to retire by rotation.

The Board recommends an Ordinary resolution set forth in Item no. 5 of the Notice for the approval of the members.

Item No. 6

The Members at their Annual General Meeting held on 25th July, 2015, reappointed Mr. Desh Deepak Khetrpal (DIN 02362633) as Managing Director & CEO ("MD & CEO") of the Company for a period of 5 years w.e.f 1st April, 2015, subject to revision in his remuneration every year. Taking into consideration the duties and responsibilities cast on the MD & CEO and considering his knowledge of various aspects relating to the Company's affairs, and on the recommendation of the Nomination & Remuneration cum Compensation Committee of the Company, the Board at their meeting held on 4th May, 2016 revised Mr. Khetrpal's remuneration with effect from 1st April, 2016, subject to the approval by the Shareholders' of the Company and such other consents and approvals that may be required.

At the time when the remuneration was revised, the Company had adequate profits. However, during the financial year ended 31st March, 2017, the Company recorded a loss of ₹6,626 lacs as per section 198 of the Companies Act, 2013. III. Other information

(1) Reasons of loss or inadequate profits

During the year, demand was under severe pressure due to challenges like drought and demonetization leading to prices coming under severe pressure in most markets. Challenges notwithstanding, the Company forayed into new markets like Karnataka and South-West Maharashtra, achieving an overall 26% increase in volume growth.

The Company's revenues grew by 29% to ₹1,870 crore in financial year 2016-17 following an improvement in sales volume. The Company reported a post-tax loss of ₹39.6 crore in financial year 2016-17 compared to a post-tax profit of ₹62.8 crore in the previous year.

The main reason for loss was lower realization due to lower demand due to reasons mentioned earlier. Apart from this, there was increase in the interest and depreciation charge due to commissioning of 3 million ton cement plant at Chittapur, Gulbarga (Karnataka). The interest cost increased to ₹135.2 crore in financial year 2016-17 compared to ₹54.4 crore in the financial year 2015-16. Similarly, depreciation charge increased to ₹117.02 crore in the financial year 2016-17 compared to ₹74.28 crore in financial year 2015-16.

(2) Steps taken or proposed to be taken for improvement

- (a) The Company has taken various initiatives to maintain its leadership and improve market share. It has been aggressively pursuing and implementing its strategies to improve volumes and reduce costs coupled with marketing campaigns and customer engagement programs.
- (b) Cost competitiveness – There are many initiatives addressing each cost element for cost competitiveness. These initiatives will significantly help in reducing the Company's cost structure.
- (c) People processes and organization structure – In this initiative, projects have been undertaken to drive high performance culture, improve functional competencies, improve employee engagement, achieve benchmark levels of employee productivity and build a pipeline of talented workforce.

(3) Expected increase in productivity and profits in measurable terms

In financial year 2016-17, the Company sold 26% more cement than in the previous year, utilizing its new plant to establish its brand in completely new markets. This enabled the Company to outperform the 1.3% contraction in the country's cement sector in financial year 2017. During the financial year 2016-17, the Company's revenue grew by 29% to ₹1,870 crore following an improvement in sales volumes. EBITDA stood at ₹190.4 crore compared to ₹193.1 crore in the previous year. Interest cost increased to ₹135.2 crore in financial year 2016-17 compared to ₹54.4 crore due to a large investment in the greenfield capacity at Chittapur, Gulbarga (Karnataka).

Challenges notwithstanding, the Company forayed into new markets like Karnataka and South-West Maharashtra, achieving an overall 26% increase in volume growth. Since Chittapur was a new plant, the key lay in proactively preparing the market ahead of capacity addition so that the Company's new volumes could be absorbed. Extensive brand building activities were conducted in the key south and south-west regions of the country. Besides, new infrastructure projects in our core markets in the irrigation and road sectors helped to generate demand. The Company enhanced capacity utilization in its plants through increased geographical diversification and further penetration in existing markets.

The renewed push by the government in various construction and infrastructure initiatives augurs well for the sector in the years ahead. It is expected that given the outlook for cement demand, the Company will witness robust growth led by demand recovery. Existing plants in Jalgaon, Devapur and Chittapur are expected to gain from price improvement across the markets. With the expected demand recovery and the Company being one of the low cost cement producers, it is expected that the profitability in the coming year is likely to improve.

Mr. Khetrpal (DIN 02362633) is a Non-Executive Director of HIL Limited and Non–Executive Independent Director of Oriental Bank of Commerce. Mr. Khetrpal along with his relatives does not hold any shares in the Company nor has any relationship with any of the directors of the Company.

Mr. Khetrpal (DIN 02362633) is directly concerned and interested in this resolution as it relates to his remuneration. Except Mr. Khetrpal (DIN 02362633), no other Director or Key Managerial Personnel of the Company and their relatives are in any way concerned or interested in the proposed resolution.

The Board recommends the Special Resolution set forth in Item no. 7 of the Notice for the approval of the members.

Item No. 8

To support the growth plans and for meeting the capital expenditure for the projects of the Company, the Company has availed and/ or will avail the financial assistance by way of any funding arrangement from various lenders in different tranches upon such terms and conditions as stipulated by them from time to time and approved by the Board. The terms of the sanction provide and/ or may provide that in the event of default by the Company under the lending arrangements, the banks and the other lenders may be entitled to exercise the option to convert whole or part of their outstanding facility into fully paid-up ordinary equity shares in the Company at a price to be determined in accordance with the applicable SEBI Regulations at the time of such conversion.

The proposed resolution is an enabling resolution under the provisions of section 62(3) and other applicable provisions of the Companies Act, 2013. In the event of default (as may be specified by Lenders under lending documents), Banks and other lenders may be entitled at their option to convert the entire or part of the outstanding facility into ordinary equity shares in the Company in accordance with the applicable SEBI Regulations. This requires prior approval of the members by way of Special Resolution.

None of the Directors and Key Managerial Personnel of the Company and their relatives may be deemed to be concerned or interested in the proposed resolution.

The Board recommends the Special Resolution set forth in Item no. 8 of the Notice for the approval of the members.

Item No. 9

Section 197 of the Companies Act, 2013 (“the Act”) read with SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 permits payment of remuneration to Non-Executive Directors of a Company, if, the Company authorizes such payment by way of a resolution of members. The members of the Company at the 1st Annual General Meeting held on 13th August, 2012, approved the remuneration that can be paid to Non-Executive Directors of the Company by way of commission not exceeding one per cent of the net profits of the Company for each year for a period of five years commencing from 1st April, 2012 and ending on 31st March, 2017. Pursuant to section 309 (7) of the erstwhile Companies Act, 1956, such approval granted by shareholders was valid only for a period of 5 years. The validity of the

earlier resolution passed by the shareholders expired in the financial year 2016-17. Considering the rich experience and expertise brought to the Board by the Non-Executive Directors, it is proposed that, remuneration not exceeding one per cent of the net profits of the Company calculated in accordance with the provisions of the Act may be paid and distributed amongst the Non-Executive Directors of the Company in accordance with the recommendations of the Nomination & Remuneration cum Compensation Committee of the Board and in the event of loss or inadequacy of profits in any financial year the remuneration may be paid to Non-Executive Directors on the recommendation of Nomination & Remuneration cum Compensation Committee and subject to approval of Central Government.

Such payment will be in addition to the sitting fees for attending Board/Committee meetings.

None of the Directors and Key Managerial Personnel of the Company and their relatives may be deemed to be concerned or interested in the proposed resolution, except to the extent of their respective shareholdings in the Company, if any.

The Board recommends an Ordinary resolution set forth in Item no. 9 of the Notice for the approval of the members.

Item No. 10 & 11

Keeping in view the Company's existing and future financial requirements to support its business operations, working capital requirements and business expansion plans, the Company needs additional funds. For this purpose, the Company is desirous of raising finance from various Banks and/or Financial Institutions and/or any other lending institutions and/or Bodies Corporate and/or such other persons/ individuals as may be considered fit. In view of the above, it is proposed to increase the maximum borrowing limits from currently approved ₹3000 crores to ₹5,000 crores. Accordingly, the consent of the Shareholders at the Annual General Meeting is sought under section 180 (1) (c) of the Companies Act, 2013.

Further, as per section 180(1)(a) of the Companies Act, 2013, the consent of members is required for creation of charge (s)/ mortgage(s) on Company's movable and immovable properties of the Company in favor of lenders in respect of borrowing availed/to be availed.

The Special Resolutions set out in the annexed Notice has to be considered accordingly and the Board recommends the same.

No Director of the Company is concerned or interested in the Special Resolutions.

None of the Directors and Key Managerial Personnel of the Company and their relatives may be deemed to be concerned or interested in the proposed resolutions.

The Board recommends the Special resolutions set forth in Item no. 10 & 11 of the Notice for the approval of the members.

Item No. 12

In accordance with the provisions of section 148 of the Companies Act, 2013 (the "Act") and the Companies (Audit and Auditors) Rules, 2014 (the "Rules"), the Company is required to appoint a Cost Auditor to audit the cost records of the Company.

On the recommendation of the Audit Committee at its meeting held on 5th May, 2017, the Board has approved the re-appointment of Mr. Somnath Mukherjee, Cost Accountant in Practice (M.NO.-F5343), as Cost Auditors of the Company for conducting the audit of the cost records of the Company for the financial year ending 31st March, 2018, required to be audited under the Companies Act, 2013 and the Rules framed thereunder (including any statutory modification(s) or re-enactment thereof for the time being in force), at a Cost Audit fees of ₹80,000/- (Rupees eighty thousand only) plus out of pocket expenses.

In accordance with the provisions of section 148 of the Act read with the Companies (Audit and Auditors) Rules, 2014, the Cost Audit fees to be paid to the Cost Auditors of the Company has to be approved by the shareholders of the Company. Accordingly, the Members are requested to approve the remuneration of the Cost Auditors for financial year 2017-18 as set out in the resolution for the aforesaid services to be rendered by him.

None of the Directors and Key Managerial Personnel of the Company and their relatives may be deemed to be concerned or interested in the proposed resolution.

The Board recommends an Ordinary resolution set forth in Item no. 12 of the Notice for the approval of the members.

Item No. 13

The Company, in accordance with its vision statement, proposes to achieve 15 Million Ton per annum cement capacity by financial year 2020. Towards this objective, the Company is continuously looking at organic and inorganic growth opportunities. In order to fund the growth, there would be need to raise funds through issue of equity shares or equity linked securities. The Company proposes to raise the capital for the purpose of capital expenditure for ongoing and future expansion projects, acquisition(s), working capital, repayment of loans and for general corporate purposes.

In this regard, the Company has been exploring various avenues for raising funds by way of issue of equity shares ("Equity Shares") and /or Global Depository Receipts ("GDRs") and /or American Depository Receipts ("ADRs") ("Securities") to all eligible investors including but not limited to existing equity shareholders as on record date, residents and / or non-residents, whether institutions, incorporated bodies, foreign institutional investors, qualified institutional buyers, banks, mutual funds, insurance companies, pension funds, trusts, stabilizing agents and / or otherwise and / or a combination thereof, whether or not such investors are members, promoters, directors or their relatives / associates of the Company in the course of domestic and / or international offerings through public issue and / or private placement and /or rights issue and / or qualified institutional placement ("QIP") and / or any other permitted modes through prospectus and/or an offer document and / or private placement offer letter and/or such other documents/writings/ circulars / memoranda in such manner, at such time or times in such tranche or tranches for an amount not exceeding ₹500 crores (Rupees five hundred crores only), inclusive of permissible green shoe option, for cash and at such premium / discount, as applicable, as the Board deems fit and on such terms and conditions as may be determined and deemed appropriate by the Board in its absolute discretion at the time of such issue and allotment considering the prevailing market conditions and other relevant factors. The Equity Shares shall rank pari passu with the existing equity shares of the Company.

In the event of the issue of the Equity Shares as aforesaid by way of QIP, it will be ensured that:

- The relevant date for the purpose of pricing of the Equity Shares would, pursuant to Chapter VIII of the SEBI (ICDR) Regulations, be the date of the meeting in which the Board or duly authorised committee thereof decides to open the proposed issue of Equity Shares;
- The pricing for this purpose shall be in accordance with regulation 85 of Chapter VIII of the SEBI (ICDR) Regulations. The Company may offer a discount of not more than 5% (Five percent) on the price calculated for the QIP or such other discount as may be permitted under SEBI (ICDR) Regulations, as amended from time to time;
- The issue and allotment of Equity Shares shall be made only to Qualified Institutional Buyers (QIBs) within the meaning of SEBI (ICDR) Regulations and such Equity Shares shall be fully paid up on its allotment;
- The total amount raised in such manner and all previous QIPs made by the Company in a financial year would not exceed 5 times of the Company's net worth as per the audited balance sheet for the previous financial year;
- The Equity Shares shall not be eligible to be sold for a period of 1 year from the date of allotment, except on a recognized stock exchange or except as may be permitted from time to time by the SEBI (ICDR) Regulations.
- The Equity Shares shall be allotted within 12 months of the date of passing of the shareholders resolution.

For making any further issue of shares to any person(s) other than existing equity shareholders of the Company approval of members is required to be obtained by way of passing a special resolution, in pursuance to section 62 (1) (c) of the Companies Act.

Therefore, the Board recommends the Special resolution set forth in Item No. 13 of the Notice for the approval of the members.

The proposed issue is in the interest of the Company and your Directors commend the resolution for your approval.

None of the Directors and Key Managerial Personnel of the Company and their relatives may be deemed to be concerned or interested in the proposed resolution, except to the extent of their respective shareholdings in the Company, if any.

BUSINESS AND FINANCIAL PERFORMANCE

After a promising start, the financial year 2016-17 proved to be an extremely challenging year for the cement sector with the industry as a whole registering a de-growth after several consecutive years of growth in the last decade. Demonetization had a particularly adverse effect on cement volumes, with the contraction in the months following this event touching double digits. All this occurred even while the overall GDP grew by an estimated 6.8%, thus interrupting the correlation that the cement sector has historically shown with national growth. Low consumption was accompanied by a rise in fuel prices on the back of global trends, further impacting the profitability of industry.

In this backdrop, the key business and financial highlights of your Company for FY17 are as under:

- Successfully ramped up sales and dispatches from the 3 million ton Greenfield cement plant at Chittapur (Gulbarga, Karnataka) following its commissioning in the previous year.
- Total cement sales volume for the year stood at 55.52 lac tons against 44.19 lac tons in FY16, a growth of over 26%

though the industry as a whole de-grew in the year.

- We continued to focus on PPC cement production in line with your Company's commitment to environmental sustainability; 76% of cement volume was sold as PPC from old operations, while PPC sales from new operations are also scaling up steadily to reach 42% for the year.
- Net sales realization during the year remained uneven and volatile due to poor demand and low capacity utilization in the industry, leading to low prevailing market prices in many of our large markets.
- Variable production costs were slightly higher on account of higher raw material and fuel prices as well as the stabilization challenges at the new plant in Chittapur.
- Despite an extremely challenging environment, capacity utilization at your Company's older plants was at 76% during FY17 and 69% overall.
- EBITDA for the year was ₹190.4 crores as against ₹193.1 crores in FY 16.
- A Net Loss of ₹32.10 crores was registered for the year versus a Net Profit of ₹62.4 crores in the previous year, primarily due to higher finance costs and depreciation charges for FY17 as compared with FY16, as a result of the large investments at Chittapur plant.

The plant operations at Chittapur are now largely stabilized, with performance guarantee tests on much of the equipment already carried out successfully. Some optimization work is still in progress by the vendors, notably of the kiln, cement grinding mills and the turbine. We expect to get these optimization jobs completed soon and achieve all the planned efficiencies for the plant. The construction work for the railway siding and the township for the employees is beginning very soon now. We are also in the advanced stages of firming up the size and specifications for the waste heat recovery power plant, after which the order for the same will be finalized.

We have also taken necessary steps and made investments to comply with the latest emission norms notified for SPM and SO₂, while we are working with the rest of the industry to find a workable solution for the new NO_x norms which are proving to be a challenge for the industry when we use pet-coke as a fuel.

DIVIDEND

Your directors are pleased to recommend a final dividend amounting to ₹0.50 per equity share of face value of ₹1 each for the year ended 31st March, 2017, subject to approval of shareholders at the forthcoming Annual General Meeting of the Company. The Register of Members and Share Transfer Books of the Company will remain closed from Monday, 18th day of September, 2017 to Saturday, 23rd day of September,

2017, both days inclusive, for determining the entitlement of the shareholders to the final dividend for financial year 2016-17.

CHANGES IN DIRECTORS

Pursuant to section 161 of the Companies Act, 2013, Mr. I.Y.R. Krishna Rao (DIN 00481367) was appointed as an Additional Director w.e.f. 5th May, 2017 to hold office till the date of the ensuing Annual General Meeting. The Company has received requisite notice together with deposit of ₹1,00,000 (Rupees one lac only), as provided under section 160 of the Companies Act, 2013, from the member, proposing the appointment of Mr. I.Y.R. Krishna Rao (DIN 00481367) as an Independent Director not liable to retire by rotation.

In terms of the provisions of section 152 of the Companies Act, 2013 and in terms of the Articles of Association of the Company, Mr. Chandrakant Birla (DIN 00118473), a Non-Executive Director of the Company, is liable to retire by rotation at the ensuing Annual General Meeting of the Company and being eligible, offers himself for re-appointment. The Board of Directors recommends his re-appointment for the consideration of the members of the Company at the ensuing Annual General Meeting.

Mr. Desh Deepak Khetrapal (DIN 02362633) was re-appointed as Managing Director & CEO of the Company w.e.f 1st April, 2015 for a period of 5 (five) years. However, his remuneration was subject to revision every year. On the recommendation of the Nomination & Remuneration cum Compensation Committee, the Board of Directors in their meeting held on 5th May, 2017, recommended revision in Mr. Khetrapal's remuneration for shareholders' approval. The resolution seeking consideration of Mr. Khetrapal's remuneration has been included in the Notice of the Annual General Meeting. The Board of Directors recommends the resolution for your approval.

During the financial year, there was no change in the constitution of the Board of Directors of the Company.

A brief profile and other details relating to the directors are furnished in the Annual Report.

None of the directors are disqualified under section 164(2) of the Companies Act, 2013.

DECLARATION BY INDEPENDENT DIRECTORS

All Independent Directors of the Company have declared and confirmed that they meet with the criteria of independence as prescribed under section 149(6) of the Companies Act, 2013 and Regulation 16(b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

KEY MANAGERIAL PERSONNEL

In terms of the provisions of section 203 of the Companies Act, 2013, Mr. Desh Deepak Khetrapal - Managing Director & CEO (DIN 02362633), Mr. Sushil Gupta - Chief Financial Officer (FCA-044924) and Mrs. Deepanjali Gulati - Company Secretary (FCS-5304) are the Key Managerial Personnel ('KMP') of the Company.

During the year under review, there was no change in the position of KMPs of the Company.

DETAILS OF ESTABLISHMENT OF VIGIL MECHANISM / WHISTLE BLOWER POLICY

Your Company has formulated a vigil mechanism through a Whistle Blower Policy to deal with instances of illegal practices, unethical behaviour, actual or suspected fraud or violation of the Company's Code of Conduct or Ethics Policy.

Adequate safeguards are provided against victimization to those who avail of the mechanism. The details of the Whistle Blower Policy are explained in the Corporate Governance Report. The Whistle Blower Policy is available on Company's website and can be accessed through the web link: <http://orientcement.com/investors/>.

BOARD OF DIRECTORS, ITS COMMITTEES AND MEETINGS THEREOF

The Company has a professional Board with an optimum combination of Executive, Non-Executive and Independent Directors (including one Woman Director) who bring to the table the right mix of knowledge, skills and expertise. The Board provides strategic guidance and direction to the Company in achieving its business objectives and protecting the interest of the stakeholders. The Board is also supported by four Committees of directors viz. the Audit Committee, the Nomination & Remuneration cum Compensation Committee, the CSR Committee and the Stakeholders' Relationship Committee.

One meeting of the Board of Directors is held in each quarter. Additional meetings of the Board/Committees are convened as may be necessary for the proper management of the business operations of the Company. A separate meeting of Independent Directors is also held at least once in a calendar year to review the performance of Non-Independent Directors, the Board as a whole and the Chairman.

During the financial year ended 31st March, 2017, the Board of Directors met 5 (five) times viz. on 4th May 2016, 3rd August 2016, 6th October 2016, 9th November 2016 and 4th February 2017. The intervening gap between the meetings was within the period prescribed under the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

A detailed update on the Board & its Committees' composition, number of meetings held during the financial year 2016-17 and attendance of the directors at these meetings is provided in the Report on Corporate Governance.

AUDIT COMMITTEE

The Company has a duly constituted Audit Committee in line with the provisions of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The primary objective of the Committee is to monitor and provide effective supervision of the Management's financial reporting process, to ensure accurate and timely disclosures, with the highest level of transparency, integrity and quality of financial reporting. The Committee met 4 (four) times during the year, the details of which are given in the Corporate Governance Report. As on 31st March, 2017, the Committee comprised of five independent directors viz. Mr. Vinod Kumar Dhall (DIN 02591373), Mr. Rajeev Jhawar (DIN 00086164), Mr. Rabindranath Jhunjhunwala (DIN 00050729), Mr. Swapan Dasgupta (DIN 07113693) and Mr. Janat Shah (DIN 01625535) as well as Mr. Desh Deepak Khetrapal-Executive Director (DIN 02362633). Detailed information pertaining to the Audit Committee has been provided in the Report on Corporate Governance.

POLICY ON DIRECTORS' APPOINTMENT & REMUNERATION

The Company endeavors to have an appropriate mix of Executive, Non-Executive and Independent Directors, so as to have independence on the Board and separate its function of governance from that of management. The selections and appointments on the Board of the Company are done on the recommendation of the Nomination & Remuneration cum Compensation Committee. The appointments are based on meritocracy and the candidates are considered against objective criteria, having due regard to the benefits of diversity on the Board. While evaluating the candidature of an Independent Director, the Committee abides by the criteria for determining independence as stipulated under the Companies Act, 2013 and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. In case of re-appointment of directors, the Board takes into consideration the results of the performance evaluation of the directors.

The copy of the Nomination & Remuneration Policy for Directors, KMPs and Senior Management is attached as **Annexure 'I'** to this Report.

Auditors' Certificate

To,

The Members of Orient Cement Limited

We have examined the compliance of conditions of Corporate Governance by Orient Cement Limited, for the year ended on 31st March, 2017, as stipulated in chapter IV of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 pursuant to the Listing Agreement of the said Company with stock exchange(s).

The compliance of conditions of Corporate Governance is the responsibility of the management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the provisions as specified in chapter IV Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 pursuant to Listing Agreement of the said Company with stock exchange(s).

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

All cooler fans, ESP fans and pre calciner coal firing system are operating with PID auto control mode for saving energy. Stacker travel drive motor has been replaced by higher rating motor. After implementation of the same, achieved the maximum availability of lime stone stacker operation up to the rated capacity that has resulted in reduction in specific power consumption. Various steps have been taken to optimize the raw mill operations in term of capacity & power consumption. Various steps have been taken to optimize the pyro system operations in term of capacity & power consumption and optimization of fuel consumption. Boiler feed pump operation control has been put-up in auto mode that has resulted reduction in power consumption. Cement mill 1&2 fan inlet dampers removed that resulted in pressure drop across the damper. This saved the energy consumption. Out of two cement bags cleaning fans per packer in packing plant, one was optimized for both the lines (radial & tangential) and the other fan had been kept as stand-by. This reduced the operation of 5 fans out of 10 fans that in turn saved 46.5 KW energy per hour.

Management discussion and analysis report

INDIAN ECONOMIC OVERVIEW

India’s GDP growth has been sustained in the high single digits for the last few years, the country hailed as a ‘bright spot’ among emerging economies. However, India’s GDP growth weakened moderately in 2016-17; the original projected GDP growth of 7.6% (estimated by IMF) was revised to 6.6% following the country’s currency demonetization that resulted in cash shortages and payment disruptions. The effects of demonetization had abated by the close of the financial year after having affected economic growth for two quarters with the IMF, thereafter, upgrading its growth estimates for FY17 to 6.8%.

India’s eight core infrastructure supportive industries of coal, crude oil, natural gas, refinery products, fertilizers, steel, cement and electricity registered a cumulative growth of 4.5% during FY17, although the growth was concentrated in steel, refinery products and electricity while sectors like crude oil, natural gas and cement actually registered de-growth. (Source: DIPP)

OUTLOOK

India’s fundamentals are expected to emerge stronger following the emphasis on digitization, GST implementation, favorable monsoons, stable oil prices, stronger supply chain linkages and renewed consumer confidence. In view of these realities (and the fact that the Chinese economy continues to remain sluggish), India is likely to retain its position as the fastest growing major economy with a projected GDP growth rebound to 7.2% in FY18 and 7.7% in FY19. (IMF World Economic Outlook estimates). The proposed GST implementation is expected to catalyse inter-state trade enhancing investments, reducing supply chain-related issues, enhancing scale-based economies-of-scale, moderating overheads and adding about 150 bps to GDP growth (Source: IMF, ICRA).

INDIAN CEMENT INDUSTRY

Over many years, India’s cement sector experienced a robust growth driven by the growth in the country’s infrastructure and construction sectors. The cement demand generated by these sectors was adequately addressed by a significant production capacity in the country which was, in turn, backed by extensive limestone reserves in concentrated pan-India belts. The result is that even with relatively low

per capita cement consumption (190 kilograms against the global average of over 350 kilograms), India is the world’s second largest cement producer and consumer.

India’s current cement capacity is estimated in a range of 420-430 million tons on an annual basis. India’s 10 largest cement companies account for almost 70% of the country’s cement capacity. An estimated 188 large cement plants cumulatively accounted for 97% of the total national installed capacity; approximately 365 small plants accounted for the rest. Of these large cement plants, about 77 were located in Andhra Pradesh, Rajasthan and Tamil Nadu. The principal cement manufacturing clusters of India comprise Satna (Madhya Pradesh), Gulbarga (Karnataka), Chandrapur (Maharashtra), Yerranguntla (Andhra Pradesh), Nalgonda (Andhra Pradesh) and Chandoria (Rajasthan).

STRENGTHS

- Mature cement sector; high technology absorption; environment compliance.
- National demographic profile (younger population) supportive of sustained growth in the infrastructure and housing sectors.
- Adequate investment by large cement players in capacity and market coverage.
- Low threat from substitutes or imports.

WEAKNESSES

- Freight, power and fuel represent a large proportion of the cost structure; increase in energy prices impacts profitability.
- Significant underutilization of installed capacity.
- Increasingly stringent environmental challenges .
- High competition clusters marked by additional capacities around limestone reserves.

OPPORTUNITIES

- Largely under-consuming nation, reflected in low per capita consumption; rising disposable incomes to drive demand growth.
- Government’s serious intent in transforming policies into action through initiatives like Swacchh Bharat, Affordable Housing, Smart Cities and a focus on infrastructure growth.

- Proposed GST implementation could result in seamless inter-state movement of material and provide freight optimization opportunities.

THREATS

- Higher pet coke and coal prices in line with higher oil prices could impact margins.
- Higher diesel costs and rail freight tariff could limit the area of profitable sales.
- Probable restrictions on industrial fuels like fuel oil and pet coke on account of pollution.
- Requirement to comply with continuously evolving and increasingly stringent environmental regulations.

INDIA'S CEMENT SECTOR, FY17

In FY17, India's cement sector continued to ride India's infrastructure development, rural housing construction and sustained economic expansion in the first half of the fiscal year. However, India's cement sector registered an overall contraction of 1.3% for FY17 compared to growth of 4.9% and 5.5% in the previous two years. The weakness in actual growth was on account of industrial sluggishness on one hand as well as the demonetization induced demand weakness towards the end of the financial year on the other. Besides, a glut in the country's residential segment impacted the growth of the real estate sector, affecting cement offtake and realisations. Historically, the country's cement sector has demonstrated a GDP elasticity of 1.2x, but this relationship has weakened in recent years. (Source: DIPP data)

India's housing sector remained the country's biggest cement consumer, accounting for about 67% of the sector's total consumption. The other major cement consumers comprised infrastructure (13%), commercial construction (11%) and industrial construction (9%) (Source: Kotak).

In FY17, some of the broad trends in India's cement industry comprised continued consolidation in the sector, low investment in new capacity, limited traction for limestone block auctions, lower capacity utilization due to one-off events, aggressive branding and launch of premium cements, deeper marketing penetration, continued use of fly ash and slag in the manufacture of environment-friendly cement, use of alternative fuels to moderate production costs in the face of high fuel prices and increased industry investments in Eastern India.

OUTLOOK

India's cement industry is expected to expand manufacturing capacity at a slower rate, going forward, as the industry looks to better utilize existing large and unused capacities

profitably before investing further in clinkerisation. The country's grinding capacity could continue to grow as the industry seeks to collectively increase its reach into new markets profitably.

Most large M&A in the cement sector appears to have been completed this year with most available assets acquired by stronger players. The successful integration of these assets with existing operations and increasing overall asset utilization levels, are likely to be two main themes for the sector going forward.

Despite the demand slowdown in FY17, primarily due to the one-off effects of demonetization, the Indian economy consistently reported 6 per cent-plus growth annually for the last few years. Besides, the renewed push by the government in various construction and infrastructure initiatives, including the Union Budget, augurs well for the sector in the years ahead.

The Indian cement industry is expected to grow 4 to 5% y-o-y in FY18, driven largely by infrastructure growth and a rural housing revival.

SECTORAL DEMAND DRIVERS

- Housing sector:** India is enjoying a demographic sweet spot with a large young population creating a significant unmet demand for homes that is likely to drive cement sector demand for many years. A large proportion of this demand is in the Affordable Housing segment. In the recent Union Budget, the Government allocated infrastructure status to the affordable housing segment, providing it superior financing access, and tax incentives. The Government also proposed to complete 1 crore houses by 2019 for the homeless and those living in *kutcha* houses under its 'Housing for All by 2022' program, increasing the allocation to the *Pradhan Mantri Awaas Yojana – Gramin* from ₹15,000 crores to ₹23,000 crores in FY17-18. The National Housing Bank is estimated to refinance individual housing loans of about ₹20,000 crore in 2017-18. Measures like interest subvention schemes, increase in the reach of the mortgage sector and decline in mortgage rates are expected to significantly drive demand for cement from the housing sector.
- Infrastructural sector:** The Central Government increased infrastructure investment to a record ₹3.96 lakh crore in the Union Budget, with ₹2.41 lakh crore for the transportation sector alone across road, rail and shipping. This includes commissioning of railway lines of 3,500km in 2017-18, road construction including the *Pradhan Mantri Gram Sadak Yojana* and National Highway projects. Separate projects for airports and waterways are also

being promoted. Other Central Government schemes like development of Smart Cities, Swachh Bharat and AMRUT have been proposed in addition to increased infrastructure spending; together with, increased fund allocation to the States. These are expected to catalyse cement demand in the months ahead.

- Irrigation:** In a renewed push for irrigation projects to deal with the uncertain nature of rainfall in our country, a Long Term Irrigation Fund was set up in NABARD with a corpus of ₹40,000 crores. Several large irrigation projects have been taken up by State Governments, especially in Maharashtra, Andhra Pradesh and Telangana.
- Industrial growth:** The increased public capital expenditure through budgetary allocations to the infrastructure and energy sectors has been accompanied by significant investments by public sector companies operating in these sectors. This, together with increasing incomes and consumer demand for products and services, is expected to also trigger higher private capital expenditure as economic confidence returns. This turn in the cycle should strengthen the demand for basic materials, including cement.

The profitability of cement manufacturers in FY18 is expected to improve from FY16 and estimated FY17 levels due to stable-to-better demand growth and consequently higher prices, despite an increase in input costs (particularly energy).

ORIENT CEMENT'S FINANCIAL PERFORMANCE

Your Company's revenue grew by 29% to ₹1870 crore in 2016-17 following an improvement in sales volumes. EBIDTA stood at ₹190.4 crore compared to ₹193.1 crore in the previous year. Interest cost increased to ₹135.2 crore in 2016-17 compared to ₹54.4 crore due to a large investment in the greenfield capacity at Chittapur, Gulbarga (Karnataka). The Company reported a post-tax loss of ₹39.6 crore in 2016-17 compared to a post-tax profit of ₹62.8 crore in the previous year.

For the year under review, demand moderated due to challenges like demonetization and sand supply shortage in the peak summer leading to prices coming under severe pressure in most markets. Challenges notwithstanding, the Company forayed into new markets like Karnataka and South-West Maharashtra, achieving an overall 26% increase in volume growth. Since Chittapur was a new plant, the key lay in proactively preparing the market ahead of capacity addition so that our new volumes could be absorbed. Extensive brand building activities were conducted in the key south and south-west regions of the country. Besides, new infrastructure projects in our core markets in the irrigation and road sectors helped to generate demand. During the year under review, we enhanced capacity utilization in our plants through increased geographical diversification and further penetration in existing markets.

SALES

In the business of cement manufacture, success is derived from the ability to market cement at the highest realizations in the quickest time within the shortest distance from the manufacturing facilities.

In 2016-17, the Company sold 26% more cement than in the previous year, utilizing our new plant to establish our brand in completely new markets. This enabled the Company to outperform the 1.3% contraction in the country's cement sector in FY17. Average sales realisation at ₹3371 per MT was 2.1 per cent higher than in the previous financial year.

In terms of market share, Telangana, and the regions of Marathwada and Khandesh in Maharashtra were markets where the Company enjoyed the highest sales penetration. The Company increased market shares in core regions where it traditionally operated while building its brand and distribution channel in the new market of Karnataka, which it recently entered.

In terms of growth, in the overall 26% increase in volume for the year was spread across the existing markets of Andhra Pradesh, Telangana, Maharashtra and MP/Chhattisgarh. Karnataka, a relatively new market, registered considerably higher growth over the previous year.

LOGISTICS

In 2016-17, your Company's logistics team supported the sales team in achieving record offtake from our plants. The Company continuously monitored the various freight alternatives, making it possible to shift some dispatches from railways to road, resulting in lower logistics costs. Your Company negotiated better with transporters, dispatched more than 50% of its output directly to customers during the year and operated 82 depots across the States of its presence to deliver material on demand. The Company maintained as low a finished goods inventory as possible, optimizing costs.

In the months ahead, your Company intends to invest in digital initiatives to improve truck movement within the plant and on road to customers. As part of this effort, initiatives like RFID in Devapur and GPS implementation in Jalgaon are being implemented. The Company is exploring ways to improve deliveries to large customers in cities through investment like bulk terminals etc.

PROCUREMENT

In a business where raw materials and fuel account for a significant proportion of the cost of production, even a nominal improvement in procurement rates of these inputs can substantially improve margins and profit. During the year under review, Project Urja was launched by engaging an external consultant to focus on key spend areas of energy on an end-to-end basis; a few initiatives were launched to optimize the value chain.

Your Company also ensured mid-to-long term domestic coal security by entering into Fuel Supply Agreement (FSA) with Singareni Collieries, while retaining the flexibility to source other forms of fuel to capitalize on price trends in the future. The Company opted out of inefficient long-term fly ash agreements while retaining key raw material security.

The Company also invested in ARIBA, a cloud-based B2B platform that makes it possible for buyers to search suppliers, procure goods and services at better prices via reverse auctions, negotiate better terms and track spending. Following the implementation of this digital solution, the platform services a significant proportion of your Company's sourcing requirements.

BRANDING AND CUSTOMER ENGAGEMENT

In a challenging 2016-17, the Company worked extensively through its marketing and communications teams to revitalize, uplift and strengthen the brand.

During the year, your Company implemented a series of measures to ensure that the increased volume from new capacities was absorbed seamlessly and sustainably. The brand was repositioned around a new communication campaign - Pressure Sustaining Technology (PST) - implemented around the 'Pressure deta nahi, leta hain' campaign. During the first half of the year under review, the Company leveraged below-the-line (BTL) advertising, outdoor and print media to promote the brand; during the second half, the Company launched a television commercial campaign in core markets. The Company screened advertisements in Madhya Pradesh and Chhattisgarh cinema halls as well as promoted the brand through radio channels. The campaign was well received in all the Company's key markets, especially Maharashtra, which constitutes close to 50% of your Company's sales volumes.

The Company also invested in digital media, video films and mobile vans to engage with a new age customer while providing front line sales force with tools and technologies (like Sales Force Automation tablets) to engage with the customer better and address dealer queries in real-time. In summary, even while your Company operated regionally, it invested and responded to the market to create a much bigger impact.

During the year under review, we enhanced the reach and efficacy of our BTL activities. We developed multiple audio-visuals, brochures and toolkits to demonstrate the benefits of our products during more than 1100 meetings conducted by the technical services team to reach masons, home builders, architects and engineers during the course of the year.

SUSTAINABILITY

Orient Cement is committed to enhance long-term stakeholder value not only through profitable operations but also through supporting the environment and

neighbourhoods in which it operates.

Safety plays a crucial role in a cement Company's operations, given the nature of the equipment we use and the areas we operate in. The company consumes valuable and non-renewable natural resources. In line with this, the Company's 'Work Safe Live Safe' motto enshrines its core commitment.

Health and Safety: During the year under review, besides ensuring statutory compliances, your Company also invested in safety systems, trained employees in skill enhancement, conducted various awareness programs, observed 'National Safety Day/ Week' and 'Road Safety Week', employed adequate personnel protective equipment, ensured the establishment and observation of due processes, introduced employee rewards / recognitions, recognized on-site safety champions, created an innovative ideas forum, conducted safety inspections, hazard communication, motivation programs, safety meetings and relevant housekeeping. Your Company has also introduced 'Orient Safety Week' for widespread safety awareness among all levels of employees and involved their family members. During this event, the responsibility of every individual towards safety management was emphasized through the theme "I Care for Safety"

Environment: The Company is committed to emissions reduction, climate protection, efficient energy management, responsible resource use and conservation in line with 'Today's Need - Future of Our Children'. Your Company's approach to preservation of the eco-system has enabled the Company to counter water scarcity across its plants. While the Company uses limestone from its mines at Devapur, it has converted the area around the limestone mines into a large lake called Maisamma Sagar and developed surrounding pockets into panoramic spots for picnics/get-togethers. Your Company's Devapur and Jalgaon plants are dotted with 'green zones'; the residential quarters have been designed with tree-lined avenues. The Company celebrates Vana-Mahotsav and World Environment Day by planting thousands of tree saplings.

Your Company recently joined Cement Sustainability Initiative (CSI), a voluntary global CEO-led business initiative, operating under the umbrella of World Business Council for Sustainable Development (WBCSD). By joining CSI, your Company has voluntarily accepted the responsibility to achieve higher and stringent goals towards environmental and social sustainability. The Company will also be required to publish improvements in the area of sustainability.

Through this membership, your Company will become part of a global mission to make the cement industry a responsible contributor to global sustainability. As part of the various working groups in this initiative, we expect to learn and contribute to the steps that our industry takes, leaving a safer and sustainable world for succeeding generations.

HUMAN RESOURCES AND INDUSTRIAL RELATIONS

Human resource development continues to be your Company's priority in delivering strategic priorities. Your Company continued to invest in people, nurturing talent in line with this agenda.

Your Company implemented its digital performance management system during the year under review, facilitating a strong and data-driven performance management culture. Your Company also implemented sales force automation, training 100% of the sales force in utilising these tools to enhance productivity. The customer engagement process was streamlined to facilitate constant market feedback through the sales force. Regular plant meetings and constant sales monitoring helped enhance per person productivity.

Your Company also took steps to enhance employee engagement and ensure better communication across the organization. One of these steps included inter-plant data integration through Medhas, a knowledge-sharing practice across plants. Project Happy. A1 was another initiative that encouraged two-way employee communication and engagement. The project comprised programs that covered all employees in the area of rewards and recognition, enhanced communication, capability development, motivation and morale to build and sustain a high performance work culture.

Young and talented employees continued to be identified through leadership development initiatives like the Chairman Circle and CEO Circle programs, making it possible for your Company to build a talent pool; the senior management is playing a key role in mentoring and developing these individuals.

During the year, your Company hired from the elite management institutions (IIMs and ISB) in the country as well as select engineering and management colleges, creating a dynamic competence mix. Talent was also hired from peers to address specific gaps and requirements as your Company grows into a relevant national player. While average employee (management staff) age was 37 years, in specific employee bands the average age moderated to 34 years, indicating a well-rounded experience range.

The number of direct and indirect (contract workmen) employees was 4100+ at the close of the year under review. The team grew by 54 net employees in 2016-17; attrition was less than 5%. Industrial relations remained cordial.

CORPORATE SOCIAL RESPONSIBILITY

At your Company, corporate social responsibility reflects a symbiotic relationship with the communities it engages with. As a responsible corporate citizen, the Company contributes to the community's social and economic development. The Company has integrated its CSR direction with business strategy. For effective implementation, long-term CSR plans have been fleshed into medium-term and short-term

plans. Each plan recommended by the CSR Committee has specified CSR activities which are diligently implemented and their impact is monitored to ensure the expected outcomes.

The Company focuses on community education, preventive healthcare, skill development and supportive infrastructure around three plants. At Devapur, the Company operates a school, providing quality education to the children of plant workers and community at large, comprising the English and Telugu media of teaching. The school addresses the educational needs of 1500 children. The Company supports the local community where people can avail facilities and medicines free from the Company dispensary. The Company conducts regular health camps and health education sessions.

At Chittapur, the Company has engaged in rural infrastructure building (roads and drains, installation of reverse osmosis plants in villages, conducted cleaning activities and planting trees). Besides, the Company has sponsored an NGO to assist women and girls from nearby villages in learning tailoring programs while helping them access employment programs through the NGO's collaboration with garment industry clients. The Company has facilitated an ITI institute job-oriented program to develop industrial skills for the local youth.

In Jalgaon and Nashirabad, the Company has constructed toilets in line with the Government's Swachh Bharat Abhiyan. The Company has also developed an in-plant green belt coupled with dust collectors and covered conveyor belts to moderate environment impact.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

In order to ensure orderly and efficient conduct of business, the Company has put in place necessary internal control systems, considering its business requirements, scale of operations and applicable statutes. The systems include policies and procedures, IT systems, delegation of authority, segregation of duties, internal audit and review framework etc.

The Company has designed necessary internal financial controls and systems with regard to adherence to its policies, safeguarding of its assets, prevention and detection of frauds and errors, accuracy and completeness of accounting records, and timely preparation of reliable financial information. The compliance with these controls and systems is periodically reviewed by the Internal Audit function and exceptions are reported to the Audit Committee and followed up for corrective action. The Company has engaged the services of a professional Chartered Accountancy firm to carry out its internal audit. It also has an in-house Internal Audit department manned by qualified professionals to conduct, coordinate and monitor audit activities, and also follow up on compliance and actions taken. All material audit observations

and follow-up actions thereon are reported to the Audit Committee for its review on a regular basis.

The Company has elaborate systems for Budgetary Control and timely Management Information System (MIS). The Company maintains a system of internal controls designed to provide a high degree of assurance regarding the effectiveness and efficiency of operations, the reliability of financial controls and compliance with laws and regulations. A combination of these systems has made the Company's internal control system robust.

The Company has a well-established Risk Management Policy. The Governance Risk and Compliance Committee (GRCC) of the Company monitors and carries out periodic reviews of the robustness of its Risk Management framework. The Committee presents a mitigation plan of the risks faced by the Company to the Audit Committee and the Board of Directors. The Internal Audit function is responsible for the review and independent assurance of the overall effectiveness and efficiency of the Risk Management processes.

The governance, risk and compliance framework of the Company was reinforced during the year under review. The Company strengthened its internal audit function around effective systems and procedures, robust internal controls framework and enhanced automation. Our risk based audit approach focused on the Company's objectives and impediments to achieving those objectives, with an emphasis on added value.

The Company ensured alignment of the internal controls systems and processes to existing and new regulatory compliances. It enhanced awareness among relevant employees through trainings and workshops. The Company intends to enhance the use of technology and integrate analytics into its audit methodology to prevent under-delivery, broaden audit coverage, provide trends, exceptions/non-routines and enhance focus on issues that matter.

RISKS AND CONCERNS

Orient Cement operates in a challenging environment. Its ability to enhance value is dependent on addressing key risks. The Company's robust risk management program does not aim to eliminate risks as that could eliminate chances of rewards/ opportunities. Instead, it is focused on ensuring that risks are identified and addressed. The Company's policy on risk management details objectives, principles, processes, procedures and related responsibilities.

The following stages are involved in the Company's risk management:

- Establish the context against which objectives of the Company are identified and prioritized.

- Assess (identify and prioritize) risks through risk identification and risk prioritization
- Mitigate risks through the design and implementation of activities that help manage risks to an acceptable level.
- Follow a formal process to update Board of Directors, Audit Committee and Governance Risk & Compliance Committee on the implementation of mitigation plans.

RISK PROFILES AND MITIGATION

Economic factors: A change in macroeconomic conditions, such as slowdown in GDP due to structural or one-off factors like de-monetisation, interest rate trends, inflation, drought affecting rural incomes etc. can have an adverse impact on the Company's performance. To manage these risks, the Company is continuously tracking economic parameters to proactively identify adverse events early and formulate strategies to minimize their impact on its business.

Credit exposure: Delays in payments from customers may lead to shortfall in cash flow, and also add to cost through increased working capital requirements. To mitigate this risk, the Company has balanced its business between institutional and retail clients and also seeks to implement innovative ways to proactively increase collections. This has reduced a concentration of debtors and the risk of a longer working capital cycle.

Cost concerns: Increase in the costs of raw material, power and fuel due to inflation or global price trends may impact profitability. The Company is employing various means to reduce the impact of rising costs through better fuel sourcing processes, dynamic fuel mix capabilities to capitalize on emerging price trends and the use of alternative fuels. A focus on achieving better operating efficiencies and reducing coal and power consumption continues as a way of life.

Compliance: The growth in business size, coupled with increasing regulatory enactments, has increased compliance requirements. Non-compliance with statutory provisions could not only lead to monetary penalties but also impact the reputation of the organisation and the goodwill it has accumulated over the years. This risk is mitigated through regular monitoring and review of changes in the regulatory framework, and also through monitoring of compliances through Compliance Management Software and other mechanisms.

Competition risk: The country's cement industry is witnessing increasing competition on account of the geographic concentration of cement plants, supply overhang and low levels of capacity utilization. Increased competition can create pressure on margins, market share, etc. To mitigate this risk, the Company is leveraging its expertise and experience, investing continuously in enhancing the equity of its Birla A1

brand by focusing on quality, cost, timely delivery, customer service, advertising and brand promotion. The Company is investing in marketing and promotions to sustain brand equity in its areas of operation, strengthen brand salience in new markets and enhance its competitiveness.

Industrial safety, employee health and safety risk: The Indian cement industry is labour-intensive; it is exposed to health and injury risks due to accidents or negligence. To reinforce the safety culture in the organisation and mitigate this risk, the Company has taken numerous initiatives. The Company has a robust approach to enhance safety and health awareness at all its locations. The various measures include the development and implementation of critical safety standards across units and project sites, establishment of processes for safety training across levels, promotion of a safety culture for staff members, and contract workers with appropriate insurance coverage.

Human resources risk: The Company's ability to enhance value is dependent on its ability to attract, retain and nurture talent. Attrition and non-availability of the required talent/resources can affect performance. The Company is

continuously benchmarking its people practices with the best HR practices across the industry, carrying out improvements to attract and retain talent. The Company is reviewing, implementing and monitoring personal development plans for high performers and high potential employees.

CAUTIONARY STATEMENT

This statement made in this section describes the Company's objectives, projections, expectation and estimations which may be 'forward looking statements' within the meaning of applicable Securities Laws and Regulations. Forward-looking statements are based on certain assumptions and expectations of future events. The Company cannot guarantee that these assumptions and expectations are accurate or will be realized by the Company. Actual results could differ materially from those expressed in the statements or implied due to the influence of external factors which are beyond the control of the Company. The Company assumes no responsibility to publicly amend, modify or revise any forward-looking statements on the basis of any subsequent development, information or events.

Corporate Governance Report

COMPANY'S GOVERNANCE PHILOSOPHY

The Board and Management Team of Orient Cement attaches utmost importance to the principles of corporate governance and ensures that the highest standards of corporate governance are established and maintained in the Company on an ongoing basis to safeguard the long term interests of all stake holders.

The Company is committed to adhering to corporate governance practices that are best in class in order to ensure healthy business fundamentals and deliver optimum performance under all circumstances.

The robust corporate governance framework that has been put in place enables Orient Cement to be managed effectively and ensures the integrity, transparency and fairness of all processes and practices aimed at creating and enhancing value for all stakeholders in a balanced and fair manner.

All corporate governance initiatives undertaken by the Company adhere to the sound principles of integrity, transparency, professionalism, trusteeship, accountability and corporate responsibility through relentless focus on these core principles:

- (a) **Transparency:** By classifying and explaining the Company's policies and actions to all those that are concerned, including its employees, the Company aims at maximum possible level of disclosures without hampering the interests of the Company and its shareholders. The Company believes in promotion of ethical values and behaviour and setting exemplary standards in our conduct towards our business partners, colleagues, shareholders and the general public;
- (b) **Accountability:** The Company ensures that there is absolutely no compromise in the areas of accountability and responsibility even as it pursues growth;
- (c) **Professionalism:** The Company ensures that management teams across all levels are appropriately qualified professionals who have a clear understanding of their roles and are capable of exercising sound judgement, keeping in view the Company's interests, without being subject to undue influence from any external or internal pressure;
- (d) **Trusteeship:** The Board considers itself a Trustee of the Company's shareholders and acknowledges its responsibilities towards them for creating and safeguarding their wealth. The Company constantly

emphasizes the fiduciary role of the management to align and direct all actions of the organisation towards creating lasting shareholder value;

- (e) **Corporate Responsibility:** The Company includes sustainable development - environmental and social - as a key strategic objective which is enshrined in its core vision - to be an 'employer of choice' and a 'neighbor of choice' wherever it operates.
- (f) **Integrity:** Besides enforcing a demanding code of conduct for the employees, vendors and Board, the Company ensures the independent verification and truthful presentation of the Company's financial position and performance. For this purpose, the Company has constituted an Audit Committee which pays particular attention to the financial management and reporting process. A robust whistle-blower mechanism is also in force under the direct supervision of the Board.

This Report has been prepared in accordance with the requirements laid down under the Companies Act, 2013, ("Act"), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI LODR Regulations") and with a view to meticulously attain the highest standards of governance.

BOARD OF DIRECTORS

Composition

The Board of Directors ("the Board") plays a fundamental role in upholding and nurturing the principles of good governance which translates into ethical business practices, transparency and accountability in the Company's dealing with its members and other stakeholders and the utilization of resources for creating sustainable growth and societal wealth. The Board operates within the framework of a well-defined responsibility matrix which enables it to discharge its fiduciary duties of safeguarding the interest of the Company and all its stakeholders in a fair and transparent manner.

The Board of Directors is at the core of the Company's Corporate Governance practices and oversees how management serves and protects the long term interests of its stakeholders. It brings in strategic guidance, leadership and an independent view to the Company's Management while discharging its fiduciary responsibilities, thereby, ensuring that Management adheres to highest standards of integrity, transparency and fairness.

Our policy towards the composition of the Board is to have appropriate professionalism, diversity, knowledge

and experience in areas critical to the organization. This helps to drive value-based guidance whilst maintaining the independence of the Board and to separate its functions of Governance and Management.

SECTION E: PRINCIPLE-WISE PERFORMANCE

Principle 1- ETHICS, TRANSPARENCY & ACCOUNTABILITY

1. Does the policy relating to ethics, bribery and corruption cover only the Company? Yes/No. Does it extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/ Others?

The Company does not have a separate policy relating to ethics, bribery and corruption. However, the policy is embedded in the Company's Codes of Conduct (Code of Conduct for Employees, Code of Conduct for Directors & Senior Management and Supplier Code of Conduct), Whistle Blower Policy, HR policies and various HR practices. The provisions of these Codes and the Whistle Blower Policy are a mandatory condition for the award of any contract as well as initiating or maintaining a business relationship with Orient Cement.

2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.

During the financial year 2016-17, the Company received total of 4 complaints related to ethics, bribery and corruption. No complaint was pending from the previous financial year. All complaints were successfully resolved during the year as on 31st March, 2017 through appropriate grievance redressal mechanisms.

Apart from this, the Company has not received any complaint from the shareholders of the Company. No complaint was pending from previous financial year.

Principle 2- SUSTAINABILITY IN LIFE-CYCLE OF PRODUCT AND SERVICES

1. List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.

Three principal products are Ordinary Portland Cement 53 grade (OPC53), Ordinary Portland Cement 43 Grade (OPC43) and Portland Pozzolana Cement (PPC).

As a responsible corporate, the Company is committed to sustainable development and understands its obligations relating to social & environmental concerns. The Company continually seeks ways to conserve the environment and manage finite resources responsibly.

At Orient Cement, we integrate responsible environmental practices into business operations that aim at environment sustainability and inclusive growth. We adopt a pro-active and responsible approach and consciously try to mitigate any impact of our operations on the environment. We also aim at prudent and frugal use of non-renewable natural resources, reduction in air emissions as well as targeted investments in viable technologies that promise sustainable development. As a result of this responsible and pro-active approach, the Company is reputed to be one of the most

efficient manufacturers of cement in India in terms of power and fuel consumption.

The Company follows the following approach to achieve its goal of sustainability:-

- The Devapur & Jalgaon units are certified with Quality (ISO 9001), Environment 14001 and operational health and safety (OHSAS 18001) certification. The new integrated cement manufacturing unit at Chittapur is equipped with new state of the art technology and latest energy-efficient equipment.
- Energy conservation practices such as installation/ replacement of energy- efficient equipment to reduce the Green House Gases (GHG) emissions and also to increase the resource efficiency.
- Use of Biomass – Rice Husk as an Alternate Fuel and Pet coke in the manufacturing process to substitute the consumption of fossil fuel/ coal.
- Use of Fly ash (waste material from thermal power plants) to manufacture Portland Pozzolana Cement (PPC) as an environment friendly practice to conserve the environment.
- Rain Water Harvesting by conserving rain water in mined out pits for its use in the operations, for augmentation of the ground water level and to support the local biodiversity.
- Pollution prevention by installation and proper maintenance of Pollution Control Equipment.
- Adequate Green Belt Development for pollution abatement, support to the local biodiversity and increasing the aesthetic and scenic beauty of the plants/ mines site.
- Installation of sewage and water treatment plant for treatment of liquid waste and for purifying ground / surface water.

2. For each such product, provide the details in respect of resource use (energy, water, raw material etc.), reduction during sourcing/production/distribution achieved since the previous year throughout the value chain and reduction during usage by consumers (energy, water) achieved since the previous year?

The Company is constantly putting considerable efforts into the conservation of energy and water. We are closely monitoring and working on improving our resource, raw material, energy, water, waste and emission footprint as part of our "best in class" manufacturing practices. Our focus on operating efficiencies has led to the Company having one of the lowest specific energy and power consumption metrics in the industry.

3. Does the Company have procedures in place for sustainable sourcing (including transportation)? If yes, what percentage of your inputs was sourced sustainably?

The Company's integrated plants are situated close to limestone mines which help to minimize transportation cost. The Company deploys sustainable mining practices. The Company utilizes chemical gypsum (an industrial waste) for the manufacture of cement as well as flyash (a waste product from thermal power plants) in the production of Portland Pozzolana Cement (PPC). The Company utilizes alternative fuel pet coke and rice husk which helps to conserve the finite natural resources. The Company is increasing the usage of Alternate Fuel year on year to decrease dependency on traditional fuel i.e. coal.

4. Has the Company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work? If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

The Company avails services like housekeeping, transportation, vendors, horticulture and like services from suitable sources of supply near our places of work. The Company fosters local and small suppliers for procurement of goods and services in close proximity to its plant locations. As part of the development of local and small suppliers' capacity and capability, a new program called Contractor Safety Management has been introduced in the Company. Training and technical support is being provided to them to improve and build their capability and to educate and improve their performance standards.

5. Does the Company have a mechanism to recycle products and waste? If yes, what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%).

The Company utilizes chemical gypsum (an industrial waste) for the manufacture of cement as well as flyash (a waste product from thermal power plants) in the production of

Portland Pozzolana Cement (PPC). The Company also uses biomass – rice husk (waste material) as an alternate fuel and pet coke in the manufacturing process to substitute for the consumption of the fossil fuel/ coal.

Principle 3 - EMPLOYEE WELL-BEING

1. Number of employees

4188 (direct and indirect) employees.

2. Number of employees hired on temporary/ contractual/ casual basis

270 employees are outsourced staff and 2700 workers were hired on a temporary/contractual/casual basis.

3. Number of permanent women employees

There are 25 women employees in the management staff and 8 women employees as Wage Board / permanent workers.

4. Number of permanent employees with disabilities

4 permanent employees with disabilities are part of the organization.

5. Employee association that is recognized by management.

The employee association at Devapur is recognized by the management.

6. Percentage of permanent employees that are members of this recognized employee association

All the permanent workmen at Devapur are members of the recognized employee association (100% of permanent workmen in Devapur)

7. Please indicate the number of complaints relating to child labour, forced labour, involuntary labour, sexual harassment in the last financial year and pending, as on the end of the financial year.

No.	Category	No. of complaints at the beginning of the financial year	No. of complaints filed during the financial year	No. of complaints pending as on end of the financial year
a.	Child labour/ forced labour/ involuntary labour	Nil	Nil	Nil
b.	Sexual harassment	Nil	Nil	Nil
c.	Discriminatory employment	Nil	Nil	Nil

8. What percentage of your under-mentioned employees were given safety & skill up-gradation training in the last year?

a.	Permanent Employees	76 %
b.	Permanent Women Employees	90 %
c.	Casual/Temporary/Contractual Employees	100%
d.	Employees with disabilities	100%

Orient Cement undertakes significant efforts to enhance its workforce skills levels through various learning and development programs. Various trainings provided to the employees include Functional as well as Health, Safety and Environment trainings. Basic safety induction and training is given to employees at the plants upon their induction into the Company. Further, at the manufacturing locations, specific safety trainings are provided to employees, including the temporary and contractual workforce, based on their job profiles.

Principle 4- STAKEHOLDER ENGAGEMENT

1. Has the Company mapped its internal and external stakeholders?

Yes, the Company has mapped its internal and external stakeholders. The major stakeholders identified and classified are:-

- Employees
- Customers
- Shareholders
- Local Communities
- Business partners/ Contractors/ Vendors
- Contract workers
- Project affected people
- Land contributors
- Government Bodies
- Industry Regulators
- Media and Industry Associations

For Orient Cement, maintaining relationship with stakeholders is a business imperative as our business revolves around our stakeholders.

2. Out of the above, has the Company identified the disadvantaged, vulnerable & marginalized stakeholders?

Yes, Orient Cement has identified the disadvantaged, vulnerable & marginalized stakeholders in its area of operations. These include among others, project affected people, land contributors and local residents.

3. Are there any special initiatives taken by the Company to engage with the disadvantaged, vulnerable and marginalized stakeholders. If so, provide details thereof, in about 50 words or so.

Orient Cement has paid due attention towards disadvantaged, vulnerable & marginalized stakeholders. Orient Cement puts a conscious effort to engage with such stakeholders, identify their needs/concerns and address them in a phased manner. Based on the needs identified, Orient Cement undertakes several programs to improve health service delivery, rural education, skill development, infrastructural development and economic livelihood. Several initiatives such as health

care, education, infrastructure development, safe drinking water and sanitation, sustainable livelihood etc. are extended to disadvantaged, vulnerable & marginalized stakeholders and to the people living near the Company's manufacturing units. To achieve the same, we have a well-established CSR policy.

Principle 5- PROMOTION OF HUMAN RIGHTS

1. Does the policy of the Company on human rights cover only the Company or extend to the Group/Joint Ventures/Suppliers/ Contractors/ NGOs/Others?

The Company does not have a formal policy on Human Rights. The formal policy will be put in place during the financial year 2018, however all aspects of human rights are taken into consideration while taking any business decision.

2. How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the management?

There were no complaints regarding breach of human rights during the reporting period.

Principle 6- ENVIRONMENTAL PROTECTION

1. Does the policy related to Principle 6 cover only the Company or extend to the Group/Joint Ventures/Suppliers/ Contractors/ NGOs/others.

As per Orient Cement's Supplier Code of Conduct, the vendors, agents, consultants, contractors and any other third party, who have a business relationship with Orient Cement, have to ensure the compliance with all governmental laws related to Environment and Health & Safety. Compliance with these laws is mandatory for Orient Cement's vendors, agents, consultants, contractors and any other third party.

2. Does the Company have strategies/initiatives to address global environmental issues such as climate change, global warming, etc.? Y/N. If yes, please give hyperlink for webpage etc.

At Orient Cement, we believe that Environmental and Social sustainability is imperative to the well-being of our planet and to human development and responsible corporates like us have to assume a responsible and pro-active role in contributing to the sustainability imperative. With increasing population and urbanization, demand for natural resources is increasing rapidly. Therefore, organizations involved in the cement industry have the responsibility to generate lasting innovations to protect both the industry's future viability and the health of our environment. It is necessary for those involved in the cement industry to manage emissions, eliminate waste and take responsibility for enhancing the quality of life on our planet. With this philosophy in our mind, we constantly identify and implement practices that satisfy the goals of sustainability in a holistic manner. Producing more and consuming less is the motto of our Company, which is

evidenced by improvement in efficiencies across all aspects of our operations. This will not only benefit our environment but also improve the living standards of our society. It will help our nation's progress, ensuring the development in a rapid yet sustainable manner.

We strive to integrate responsible environmental practices into business operations that aim at environmental management, social development and financial profitability and have taken constant measures towards the same. We consciously aim to mitigate environmental impacts due to our business operations and follow precautionary approach wherever we suspect that our actions might cause harm to environment. We are aiming for responsible use of natural resources, reduction in air emissions, targeted investments in viable technologies that promise sustainable growth that extend beyond mere compliance with the law.

Orient Cement, as a responsible Corporate has assessed the carbon footprint at their Devapur and Jalgaon plants for the year 2015-16. The Company has published its performance voluntarily under the carbon disclosure project (CDP) and this will pave way for our future performance monitoring and evaluation. The report is available on http://www.orientcement.com/wp-content/uploads/2016/08/Orient-Cement_-_Carbon-Footprint-Report-2015-16rev02.pdf.

3. Does the Company identify and assess potential environmental risks? Y/N

Yes, the Company has a mechanism to identify and assess potential environment risks in its plants. The Company is following ISO 14001 standards to mitigate the potential environmental risks at Devapur and Jalgaon. Environment and Safety management programs are initiated for the mitigation of identified environment aspects as well as safety hazards.

Moreover, the critical environment risks are identified as a part of the Company's risk management identification process and these feature in the Company's risk library. The Company regularly reviews its environmental risks and undertakes initiatives to mitigate them.

For us, the environmental performance improvement remains an important pillar of our business success. We are committed towards Environmental, Health and Safety (EHS) management. We also continuously focus on improving resource efficiency in clinker and cement production by optimising energy usage, utilizing waste in production processes and targeting higher alternative fuel and raw material usage. In the process, we also endeavor to minimize our impact on climate, water and air.

4. Does the Company have any project related to Clean Development Mechanism? If so, provide details thereof, in about 50 words or so. Also, if yes, whether any environmental compliance report is filed?

The recently commissioned Chittapur cement plant of the Company uses all the latest technologies available. Cross Belt Analysers are installed in the limestone and raw material feeding circuit for optimum utilization of natural resources. The raw material grinding is achieved with vertical roller mills in finish mode which consumes substantially less electrical energy when compared with conventional ball mill grinding. The preheater is designed with low pressure cyclones for better utilisation of heat energy and kiln burner is provided with multi-channel burner. The clinker cooler is of the latest generation that uses less cooling air i.e. less electrical energy when compared with conventional coolers. The cooler drives are also of the hydraulic type. The complete pyro system is designed for the best and lowest heat energy consumption possible. The cement grinding circuit consists of vertical roller mills in closed circuit so that the cement grinding can be carried out with the optimum electrical energy when compared with conventional ball mill grinding. The quality control systems of latest generation are in place to optimize consumption of various raw materials.

Orient Cement is active in managing its GHG emissions. The Company is utilising power plant waste i.e. fly ash to manufacture Pozzolana Portland Cement as much as possible and system is designed for the same with one of the best and most accurate feeding systems. The Company is using petcoke as fuel as much as possible which is a by-product from crude oil refineries.

5. Has the Company undertaken any other initiatives on-clean technology, energy efficiency, renewable energy, etc. Y/N. If yes, please give hyperlink for web page etc.

Orient Cement has taken numerous initiatives to implement clean & green technology and from an energy efficiency perspective. Some of these include: -

- a) The energy efficiency activities in the plant are ongoing. Please refer to Annexure 7 of the Directors' Report of the Annual Report for conservation of energy initiatives. The same is also available on Company's website: www.orientcement.com.
- b) The Chittapur cement plant uses the latest dry process technology with the latest machinery and methodology.
- c) The Company utilizes chemical gypsum (an industrial waste) for the manufacture of cement and flyash (waste from thermal power plants) in the production of Portland Pozzolana Cement (PPC).
- d) The Company uses Biomass – Rice Husk (waste material) as an alternate fuel and pet coke in the manufacturing process to substitute the consumption of the fossil fuel/ coal.
- e) The Company has constructed 15 check dams at various locations around the plant in Devapur. Rain water harvesting system has been developed at the

Jalgaon plant. A huge pond is being maintained for the collection of rain water at the Chittapur plant. Orient Cement has developed a Reservoir – “Maisamma Sagar” at the Devapur Plant for collecting rain water in the lower most benches during the monsoon season. This is being used for plantation activities & spraying on roads for suppressing dust besides being used in the power plant & cement plant. The rain water harvesting fulfils the requirement of the mines, power plant and cement plant. This huge reservoir/lake recharges the ground water table of surrounding areas and supports the existence of local flora and fauna. Many bird species can be seen in the area using different habitats extensively for foraging, nesting and roosting in the surrounding vegetation. Fishes in the water reservoir help in maintaining an aquatic ecosystem.

- f) The Company is continuously concentrating on improving its productivity in terms of production, power consumption and thermal energy consumption. The electrical equipment used in the plant is made energy efficient through usage of Variable Frequency Drives (VFDs). Our focus on operating efficiencies has led to the Company having one of the lowest specific energy and power consumption metrics in the industry.
- g) In Chittapur Plant all the electrical drives are of latest IE3 class having the highest energy efficiency. Most of the plant drives where speed control is necessary are provided with Variable Frequency Drives so as to optimize the electrical energy utilisation. All the raw material and fuel storage areas are completely covered to prevent dust and leaching due to rain water which also reduces the energy utilisation.
- h) The Company has installed a sewage treatment plant and a water treatment plant at Chittapur.

6. Are the Emissions/Waste generated by the Company within the permissible limits given by CPCB/SPCB for the financial year being reported?

Yes, the emissions/ waste generated by the Company are within the permissible limits as prescribed by CPCB/ SPCBs and are reported.

7. Number of show cause/legal notices received from CPCB/ SPCB which is pending (i.e. not resolved to satisfaction) as on end of financial year.

No show cause /legal notice from CPCB / SPCB has been received by any of the Orient Cement’s manufacturing plants during the financial year.

Principle 7- RESPONSIBLE PUBLIC POLICY ADVOCACY

1. Is your Company a member of any trade and chamber or association? If yes, name only those major ones that your business deals with.

The Company is member of Cement Manufacturers

Association, Cement Sustainability Initiative (CSI), under the aegis of the World Business Council for Sustainable Development (WBCSD), National Human Resource Development (NHRD), Employer’s Federation of Southern India (EFI) and National Safety Council (NSC).

2. Have you advocated/lobbied through above associations for the advancement or improvement of public good? Yes / No; if yes specify the broad areas (drop box: Governance and Administration, Economic Reforms, Inclusive Development Policies, Energy security, Water, Food Security, Sustainable Business Principles, Others)

Yes, the broad areas are Economic Reforms, Environment & Energy issues and Sustainable Business Principles.

Principle 8- INCLUSIVE GROWTH AND EQUITABLE DEVELOPMENT

1. Does the Company have specified program/ initiatives/ projects in pursuit of the policy related to Principle 8? If yes, details thereof.

We believe in being a good corporate citizen by helping communities and being instrumental in supporting their progress. Towards this objective, we have a well-established policy framework and implementation mechanism which reflects our objective of economic and social development to create a positive impact in our neighbouring communities. Beyond constantly creating value through our operations and initiatives, we are committed to the socio-economic development of communities around us.

The Company has specific programs/ initiatives/ projects in pursuance of its CSR objectives. The Company has adopted a CSR policy which has been aligned with the requirements of the Companies Act, 2013 and our thrust areas are well aligned to the schedule VII of section 135 of the Companies Act, 2013. The Company has carried out CSR Programs in pursuance of inclusive development, primarily focusing on education, infrastructure development and healthcare support. Focused efforts are made in the identified community development areas to achieve the desired outcomes. Orient Cement’s presence has resulted in notable economic improvement of the areas where it has its manufacturing plants. Apart from numerous business opportunities that Orient Cement creates for the local vendors/ suppliers, Orient also undertakes multiple CSR initiative for the local communities. The focus of all such initiatives has been to improve the quality of life of local residents.

2. Are the programs/ projects undertaken through in-house team/own foundation/ external NGO/government structures/any other organization?

Orient Cement has a Board level CSR Committee constituted under the Companies Act, 2013 which assists the Board in discharging social responsibilities. It formulates and monitors implementation framework of “Corporate Social

Responsibility Policy”, observes practices of Corporate Governance at all levels and provides remedial measures wherever necessary.

Under the framework of its CSR Policy, the Company undertakes social programs/ projects on an ongoing basis. The programs/projects are undertaken through in-house teams to ensure that Orient Cement achieves success in effectively translating the Company’s vision of promoting inclusive growth successfully in a focused manner and under the Company’s direct supervision.

3. Have you done any impact assessment of your initiative?

The Company monitors the impact of its CSR initiatives on an ongoing basis and has noted positive outcomes and benefits for the people in and around the Company’s plants. Just as an example, a Reverse Osmosis plant (RO) provided in Devapur village has resulted in the reduction in waterborne diseases over a period of 6-8 months since inception.

During financial year 2016-17, the Company has, like in previous years, made significant contributions towards promotion of education and social good by providing primary healthcare support in the vicinity of its plants. In the area of Education, in the school run by the Company in Devapur, both primary and secondary, about 1500 students are studying on an average per year. It has hugely impacted the quality of life of the villagers in the vicinity.

The Company has three full time doctors including a lady doctor in the dispensary to treat people from the nearby villages.

4. What is your Company’s direct contribution to community development projects- Amount in INR and the details of the projects undertaken?

During the year under review, the Company has spent an amount of ₹1,129.85 lacs on community development projects. The Company has been working for community development around the Company’s manufacturing locations focusing mainly on education, healthcare, sustainable livelihood, social empowerment and infrastructure development.

5. Have you taken steps to ensure that this community development initiative is successfully adopted by the community? Please explain in 50 words or so.

Orient Cement conducts consistent engagement and interaction with the community to ensure that the initiatives undertaken are successfully implemented and addresses specific needs of the community. The Company has taken steps to ensure that the community initiatives benefit the community as per the identified and assessed needs. Projects are evolved out of the identified needs of the communities. This continuous engagement with the communities allows better acceptance and adaptation of the initiatives.

Principle 9 – PROVIDING VALUE TO CUSTOMERS

1. What percentage of customer complaints/consumer cases are pending as on the end of financial year?

Effective redressal mechanism is in place for addressing customer complaints and handling consumer cases. The Company has a well-defined system of addressing customer complaints. The Company has received 109 complaints during the financial year 2016-17, 100% complaints received were resolved successfully by 31st March, 2017.

2. Does the Company display product information on the product label, over and above what is mandated as per local laws? Yes/No/N.A./Remarks (additional information).

Yes, we strictly follow all applicable regulations regarding product labelling. Apart from mandated product information, the Company displays ISO certification and bag manufacturer’s name on the products label. The Company also has a website which provides information about its products benefits.

3. Is there any case filed by any stakeholder against the Company regarding unfair trade practices, irresponsible advertising and/or anti-competitive behavior during the last five years and pending as on end of financial year? If so, provide details thereof, in about 50 words or so.

There is no case against Orient Cement during last five years, relating to unfair trade practices, irresponsible advertising and/or anti-competitive behavior as at the end of the financial year.

4. Did your Company carry out any consumer survey/ consumer satisfaction trends?

Customer Satisfaction Surveys are conducted periodically to assess the consumer satisfaction levels. It is usually done by hiring an external agency.

INDEPENDENT AUDITOR'S REPORT

To
The Members of **Orient Cement Limited**

Report on the Ind AS Financial Statements

We have audited the accompanying Ind AS financial statements of Orient Cement Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2017, the Statement of Profit and Loss, including the Statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act., read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit

of the Ind AS financial statements in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2017, its loss including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Emphasis of Matter

Without qualifying our audit opinion, we draw attention to Note 38 to the financial statements regarding remuneration paid / provided to the Managing Director of the Company during the year ended March 31, 2017 which has exceeded the limit prescribed under Section 197 read with Schedule V to the Companies Act, 2013, by ₹444.99 lacs. As informed to us, the Company is in the process of filing waiver

application with the Central Government for the above excess remuneration and pending application and receipt of the approval, no adjustment to financial statements have been made.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1", a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

ANNEXURE 1 REFERRED TO IN PARAGRAPH 1 UNDER THE HEADING “REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS” OF OUR REPORT OF EVEN DATE TO THE MEMBERS OF ORIENT CEMENT LIMITED AS AT AND FOR THE YEAR ENDED MARCH 31, 2017

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) All fixed assets have not been physically verified by the management during the year but there is a regular programme of verification once in three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) According to information and explanations given by the management, the title deeds of immovable properties, included in fixed assets, are held in the name of the Company except title deeds for land (23 cases) aggregating to ₹410.03 lacs as on March 31, 2017 which are still held in the name of demerged Company and yet to be transferred in the Company's name.
- (ii) The management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies were noticed on such physical verification.
- (iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3(iii)(a), (b) and (c) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us, there are no loans, investments, guarantees and securities granted in respect of which provisions of section 185 and 186 of the Companies Act 2013 are applicable and hence not commented upon.
- (v) The Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.

- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Companies Act, 2013, related to the manufacture of cement, and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.
- (vii) (a) Undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of custom, duty of excise, value added tax, cess and other material statutory dues have generally been regularly deposited with the appropriate authorities.
- (b) According to the information and explanations given to us, no undisputed dues in respect of provident fund, employees' state insurance, income-tax, service tax, sales-tax, duty of custom, duty of excise, value added tax, cess and other material statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (c) According to the records of the Company, the dues outstanding of income-tax, sales-tax, service tax, duty on custom, duty of excise and value added tax on account of any dispute, are as follows:

Name of the statute	Nature of dues	Amount (₹ in lacs)	Period to which the amount relates (Financial Year)	Forum where dispute is pending
Central Excise and Customs Act, 1944	Disallowance of Cenvat Credit on input and capital goods	736.80	April 2003 to November 2015	Commissioner (Appeals) / CESTAT
A. P. Sales Tax / A. P. VAT Act / Central Sales Tax Act, 1956	Demand on second sales and freight charges realised separately by raising debit invoices and other matters	211.47	1983-84 to 2004-05	Commissioner / Appellate Dy. Commissioner / Sales tax Appellate Tribunal / High Court
Tamil Nadu / Karnataka / Maharashtra VAT Act	Non-submission of forms, penalty, etc.	53.83	1996-97, 2004-05 and 2008-09	Joint Commissioner

- (viii) According to information and explanations given by the management, we are of the opinion that the Company has not defaulted in repayment of dues to banks or government. The Company did not have any outstanding dues in respect of a financial institutions or debenture holders during the year.
- (ix) According to the information and explanations given by the management, term loans were applied for the purpose for which the loans were obtained. The Company has not raised any money way of initial public offer / further public offer / debt instruments during the year.
- (x) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, we report that no fraud by the Company or on the Company by the officers and employees of the Company has been noticed or reported during the year.
- (xi) According to the information and explanations given by the management, we report that the remuneration paid / provided to the Managing Director of the Company during the year ended March 31, 2017 is in excess of the limits prescribed under Section 197 read with Schedule V to the Companies Act, 2013, by ₹444.99 lacs. As informed to us by the management, the Company is in the process of filing waiver application with the Central Government for the above excess remuneration and pending such approval, no steps have been taken by the Company for securing refund of the above excess remuneration. Our report includes an Emphasis of Matter in this respect.
- (xii) In our opinion, the Company is not a nidhi company. Therefore, the provisions of clause 3(xii) of the order

- are not applicable to the Company and hence not commented upon.
- (xiii) According to the information and explanations given by the management, transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF ORIENT CEMENT LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Orient Cement Limited ("the Company") as of March 31, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017,

based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The cement undertaking of Orient Paper & Industries Limited (OPIL) had been transferred to the Company on a going concern basis w.e.f. 1st April, 2012, pursuant to the scheme of arrangement approved by the Hon'ble Orissa High Court.

The Company is primarily engaged in the manufacture and sale of Cement and its manufacturing facilities at present are located at Devapur in Telangana, Chittapur in Karnataka and Jalgaon in Maharashtra. The Company's new green field integrated cement plant at Chittapur in Karnataka had commenced commercial production w.e.f. 26th September 2015 in the previous year.

2 BASIS OF PREPARATION

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015.

For all periods up to and including the year ended 31 March 2016, the Company prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 ("Indian GAAP"). These financial statements for the year ended 31 March 2017 are the first financial statements, the Company has prepared in accordance with Ind AS.

2.1 Summary of Significant Accounting Policies

(a) Property, plant and equipment

The Company regards the Previous GAAP carrying value for all of its property, plant and equipment as deemed cost at the transition date, viz., 1 April 2015.

Capital work in progress, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the Statement of Profit and Loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Land and buildings are measured at cost less accumulated depreciation on buildings and impairment losses, if any.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from derecognition of the asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.

Depreciation is provided under straight line basis using the estimated useful lives of the assets as follows -

Class of Asset	Useful Lives estimated by the management
Factory Buildings	30 years
Non-Factory Buildings	5 to 60 years
Railway Sidings	15 years
Plant and equipment	5 to 40 years
Furniture & Fixtures	8 to 10 years
Computers	3 years
Office Equipment	5 years
Vehicles	10 years

Notes to the financial statements (Contd.)

as at and for the year ended 31st March 2017

Depreciation on fixed assets added / disposed-off during the year is provided on pro-rata basis with reference to the date of addition/disposal. The management has estimated, supported by technical assessment by experts, the useful lives of certain plant and equipment as 10 to 20 years. These lives are lower than those indicated in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(b) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in the Statement of Profit and Loss in the year in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss.

A summary of the policies applied to the Company's intangible assets is, as follows:

Class of Intangible Asset	Useful Lives estimated by the management	Amortisation method used
Specialized Software	3 years	Amortised on a straight-line basis over the period of the Agreement
Mining Rights	10 to 50 years	Amortised on a straight-line basis over the period of the Licence / Agreement

(c) Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

A lease is classified at the inception date as a finance lease or an operating lease.

Where the Company is lessee

A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease. Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable

Notes to the financial statements (Contd.)

as at and for the year ended 31st March 2017

certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

Where the Company is the lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Assets subject to operating leases are included in fixed assets. Lease income on an operating lease is recognized in the Statement of Profit and Loss on a straight-line basis over the lease term. Costs, including depreciation, are recognized as an expense in the Statement of Profit and Loss.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

(d) Borrowing costs

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the borrowings and exchange differences to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition or construction of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the year they occur.

(e) Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

The Company bases its impairment calculation on detailed budgets and forecast calculations which are prepared separately for each of the Company's cash-generating units to which the individual assets are allocated. Impairment losses of continuing operations, including impairment on inventories, are recognised in the Statement of Profit and Loss.

For assets, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the Statement of Profit and Loss.

Intangible assets with indefinite useful lives are tested for impairment annually at the CGU level, as appropriate, and when circumstances indicate that the carrying value may be impaired.

Notes to the financial statements *(Contd.)*

as at and for the year ended 31st March 2017

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

(f) Government grants

Grants and subsidies from the government are recognized when there is reasonable assurance that (i) the Company will comply with the conditions attached to them, and (ii) the grant/subsidy will be received.

When the grant or subsidy relates to revenue, it is recognized as income on a systematic basis in the Statement of Profit and Loss over the periods necessary to match them with the related costs, which they are intended to compensate. Where the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to the Statement of Profit and Loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e. by equal annual instalments. When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities in respect of loans / assistances received subsequent to the date of transition.

(g) Inventories

Raw materials and stores and spares are valued at lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost of raw materials and stores and spares is determined on moving weighted average method.

Work-in-progress and finished goods are valued at lower of cost and net realizable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty and is determined on annual weighted average basis.

Saleable scrap, whose cost is not identifiable, is valued at net realisable value.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

(h) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Company has concluded that it is the "principal" in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

Based on the Educational Material on Ind AS 18 issued by the ICAI, the Company considers that recovery of excise duty flows to the Company on its own account. This is for the reason that it is a liability of the manufacturer which forms part of the cost of production, irrespective of whether the goods are sold or not. Since the recovery of excise duty flows to the Company on its own account, revenue includes excise duty. However, Sales tax/ value added tax (VAT) is not received by the Company on its own account. It is collected on behalf of the government and accordingly, it is excluded from revenue.

The following specific recognition criteria must also be met before revenue is recognized:

Notes to the financial statements *(Contd.)*

as at and for the year ended 31st March 2017

Sale of goods

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

Sale of power

Revenue from sale of power is recognised when delivered and is measured based on rates as per bilateral contractual agreements with buyers / at rate arrived at based on the principles laid down under the relevant tariff regulations as notified by the regulatory bodies, as applicable.

(i) Foreign currency transactions and balances

The financial statements are presented in INR, which is the Company's functional currency.

Foreign currency transactions are initially recorded at functional currency spot rates at the date the transaction first qualifies for recognition.

Foreign currency monetary items are translated using the functional currency spot rates prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

Exchange differences arising on the settlement or translation of monetary items are recognized in the Statement of Profit and Loss in the period in which they arise.

(j) Retirement and other employee benefits

Retirement benefit in the form of Provident Fund and Superannuation Schemes are defined contribution schemes. The Company has no obligation, other than the contribution payable to the respective funds. The Company recognizes contribution payable to the provident fund scheme as an expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Gratuity liability is funded defined benefit obligation and is provided for on the basis of actuarial valuation done on projected unit credit method at the balance sheet date.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

The Company treats accumulated leaves expected to be carried forward beyond twelve months, as long term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the end of each financial year. The Company presents the leave as current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement beyond 12 months after the reporting date. Where the Company has unconditional legal and contractual right to defer the settlement for the period beyond 12 months, the same is presented as non-current liability. Actuarial gains/losses are immediately taken to the Statement of Profit and Loss and are not deferred.

Notes to the financial statements *(Contd.)*

as at and for the year ended 31st March 2017

(k) Income taxes

Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to or recovered from the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognised outside Statement of Profit and Loss is recognised outside Statement of Profit and Loss (either in other comprehensive income or in equity). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside Statement of Profit and Loss is recognised outside Statement of Profit and Loss (either in other comprehensive income or in equity).

Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as deferred tax asset only to the extent it is probable that sufficient taxable profit will be available to allow all or part of MAT credit to be utilised during the specified period, i.e., the period for which such credit is allowed to be utilised.

(l) Segment reporting

Identification of segments

The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which the customers of the Company are located.

Allocation of common costs

Common allocable costs are allocated to each segment on a case to case basis applying the ratio, appropriate to each relevant case. Revenue and expenses, which relate to the enterprise as a whole and are not allocable to segment on a reasonable basis, are included under the head "Unallocated".

Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment accounting policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

(m) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

Notes to the financial statements *(Contd.)*

as at and for the year ended 31st March 2017

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

(n) Provisions

A provision is recognized when the Company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

(o) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

(p) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

(q) Employee stock options

Certain employees of the Company receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model. The cost is recognised, together with a corresponding increase in reserves, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Company's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value.

When the terms of an equity-settled award are modified, the minimum expense recognised is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification. Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through profit or loss.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

(r) Excise Duty & Custom Duty

Excise duty on Finished goods stock lying at the factories is accounted for at the point of manufacture of goods and accordingly, is considered for valuation of finished goods stock lying in the factories as on the Balance Sheet date. Similarly, customs duty on imported materials in transit / lying in bonded warehouse is accounted for at the time of import / bonding of materials. Excise duty is included in the revenue and is shown as expense.

as at and for the year ended 31st March 2017

(s) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

Subsequent measurement of financial assets is described below -

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income, subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to the Statement of Profit and Loss, even on sale of investment.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Notes to the financial statements *(Contd.)*

as at and for the year ended 31st March 2017

Subsequent measurement

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the Statement of Profit and Loss when the liabilities are derecognised.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

31 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

There are no significant areas involving a high degree of judgement or complexity.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Defined benefit plans

The cost of defined benefit gratuity plan and its present value of the obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, an employee benefit obligation is highly sensitive to changes in these assumptions particularly the discount rate and estimate of future salary increase. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases are based on expected future inflation rates.

Further details about gratuity obligations are given in Note 32.

Share-based payments

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them. The assumptions and models used for estimating fair value for share-based payment transactions are disclosed in Note 33.

32 GRATUITY AND OTHER POST-EMPLOYMENT BENEFIT PLANS

The Company has a defined benefit gratuity plan. The gratuity plan is governed by The Payment of Gratuity Act, 1972. Under the act, employee who has completed five years of service is entitled to specific benefit. The scheme is funded with an insurance company in the form of qualifying insurance policy.

The following tables summarize the components of net benefit expense recognized in the Statement of Profit and Loss and the funded status and amounts recognised in the balance sheet for the plan.

The Company expects to contribute ₹400.00 lacs (31st March, 2016 : ₹374.52 lacs) to gratuity in the next year.

The major categories of plan assets as a percentage of the fair value of total plan assets are as follows:

Investments with insurer	100%	100%
---------------------------------	-------------	-------------

The principal assumptions used in determining gratuity obligations for the company's plans are shown below:

	31st March 2017	31st March 2016
Discount rate	7.50%	7.80%
Expected rate of return on assets	7.55%	8.00%
Future salary increases:	7.00%	7.00%
Mortality Rate (% of IALM 06-08)	100%	100%

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The overall expected rate of return on assets is determined based on the market prices prevailing on that date, applicable to the period over which the obligation is to be settled.

Defined Contribution Plan:

	(₹ in Lacs)	
	31st March 2017	31st March 2016

33 EMPLOYEE STOCK OPTION SCHEME

The Company provides share-based payment schemes to its employees. The Company had formulated an employee stock option scheme, namely Employee Stock Option Scheme 2015 (ESOP) during the year ended 31st March 2015 for grant of ESOP. The relevant details of the scheme and grant are as below:

On 8th May 2015, the Board of Directors approved the Employee Stock Option Scheme 2015 for issue of stock options to the key employees of the Company. According to the scheme, the employee selected by the remuneration committee from time to time will be entitled to options, subject to satisfaction of the prescribed vesting conditions viz, continuing employment on the rolls of the Company as on 1st April 2015 as well as new employees who replaces the old eligible employee and joins the employment of the Company before 30th June 2017 and continuing employment till grant date. The other relevant terms of the grant are as below:

Vesting Period	40% vest after 3 years 60% vest after 4 years
Exercise Period	4 Years
Expected Life	5.6 Years
Exercise Price (₹)	135
Market price as on 4th August, 2015 (₹)	183.25

The details of the activity under the scheme are as below:

	No. of Options	
	31st March 2017	31st March 2016
Outstanding at the beginning of the year	16,48,900	-
Granted during the year	-	16,48,900
Outstanding at the end of the year	16,48,900	16,48,900
Exercisable at the end of the year	-	-

The weighted average remaining contractual life for the stock options outstanding as at 31st March 2017 is 3.93 years (31st March 2016 4.93 years).

The weighted average fair value of the stock options granted was ₹105.64. The Black Scholes valuation model has been used for computing the weighted average fair value considering the following inputs:

	31st March 2017	31st March 2016
Dividend yield (%)	0.96%	0.96%
Expected volatility	44.90%	44.90%
Risk-free Interest rate	8%	8%
Weighted average share price (₹)	183.50	183.50
Exercise price (₹)	135	135
Expected life of options granted in years	5.6	5.6

The expected life of the stock is based on current expectations and is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility over a period similar to the life of the options is indicative of future trends, which may also not necessarily be the actual outcome.

40. The management has considered that the Company has a single reportable segment based on nature of products, production process, regulatory environment, customers and distribution methods. Further, the Company is engaged in single product line of manufacturing and selling cement and its customers and non-current assets are located in India only.

41. Figures for the year ended 31st March, 2017 are inclusive of figures pertaining to the Company's plant at Chittapur, Karnataka which had commenced commercial production with effect from 26th September, 2015 and hence are not comparable with the figures of corresponding year ended 31st March, 2016.

42 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's financial liabilities comprise loans and borrowings, security deposits, and trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's financial assets include trade and other receivables, cash and cash equivalents.

The Company is exposed to market risk, credit risk and liquidity risk. The Company has a Risk management policy and its management is supported by a Risk management committee that advises on risks and the appropriate financial risk governance framework for the Company. The Risk management committee provides assurance to the Company's management that the Company's risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

Notes to the financial statements *(Contd.)*

as at and for the year ended 31st March 2017

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk, such as commodity price risk and equity price risk. Financial instruments affected by market risk include trade payables, trade receivables, borrowings, etc.

Interest rate risk

The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows.

(₹ in Lacs)

		Increase/ decrease in basis points	Effect on profit before tax
31 March 2017	INR	50 basis points	584.78
31 March 2016	INR	50 basis points	201.86

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. However, the Company's exposure to the risk of changes in foreign exchange rates are not significant as detailed below:

(₹ in Lacs)

	Currency	31st March 2017	31st March 2016
Retention payable (Unhedged)	USD	13.94	14.26
		13.94	14.26

Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables).

Trade receivables

Customer credit risk is managed by the respective department subject to Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on individual credit limits as defined by the Company. Outstanding customer receivables are regularly monitored.

An impairment analysis is performed at each reporting date on an individual basis. The calculation is based on historical data of credit losses.

The ageing analysis of the receivables (gross of provision) has been considered from the date the invoice falls due.

Notes to the financial statements (Contd.)

as at and for the year ended 31st March 2017

Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations or at a reasonable price. The Company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of cash credits, bank loans among others.

Maturity profile of Financial liabilities

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments.

43 CAPITAL MANAGEMENT

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximise the shareholder value and keep the debt equity ratio within acceptable range.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders and issue new shares.

44 STANDARDS ISSUED BUT NOT EFFECTIVE

The amendments to standards that are issued, but not yet effective, up to date of issuance of the Company's financial statements are disclosed below.

In March 2017, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2017, notifying amendments to Ind AS 7, 'Statement of cash flows' and Ind AS 102, 'Share-based payment'. The amendments are applicable to the Company from April 1, 2017.

Notes to the financial statements (Contd.)

as at and for the year ended 31st March 2017

Amendment to Ind AS 7:

The amendment to Ind AS 7 requires the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities, to meet the disclosure requirement.

Amendment to Ind AS 102:

The amendment to Ind AS 102 provides specific guidance to measurement of cash-settled awards, modification of cash-settled awards and awards that include a net settlement feature in respect of withholding taxes. It clarifies that the fair value of cash-settled awards is determined on a basis consistent with that used for equity-settled awards. Market-based performance conditions and non-vesting conditions are reflected in the 'fair values', but non-market performance conditions and service vesting conditions are reflected in the estimate of the number of awards expected to vest. Also, the amendment clarifies that if the terms and conditions of a cash-settled share-based payment transaction are modified with the result that it becomes an equity-settled share-based payment transaction, the transaction is accounted for as such from the date of the modification. Further, the amendment requires the award that include a net settlement feature in respect of withholding taxes to be treated as equity-settled in its entirety. The cash payment to the tax authority is treated as if it was part of an equity settlement.

The company will adopt these amendments from their applicability date.

45 FAIR VALUE

The fair value of the financial assets and liabilities approximates their carrying amounts as at the balance sheet date.

46 FIRST-TIME ADOPTION OF IND AS

These financial statements, for the year ended 31 March 2017, are the first financial statements, the Company has prepared in accordance with Ind AS. For periods upto and including the year ended 31 March 2016, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for periods ending on 31 March 2017, together with the comparative periods data as at and for the year ended 31 March 2016, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet is prepared as at 1st April 2015, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at 1st April 2015 and the financial statements as at and for the year ended 31 March 2016.

Exemptions applied

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirement under Ind AS. The Company has applied the following exemption:

- Since there is no change in the functional currency, the Company has elected to continue with the carrying value for all of its property, plant and equipment as recognised in its Indian GAAP financial as deemed cost at the transition date.
- The Company has not applied Ind AS 20 "Accounting for Govt. Grants and Disclosure of Govt. Assistance" retrospectively and has used its previous GAAP carrying amount of deferred sales tax loan at the date of transition to Ind AS as carrying amount on deferred sales tax loan in the balancesheet as at 1st April 2015.

Notes to the financial statements (Contd.)

as at and for the year ended 31st March 2017

A) Footnotes to the reconciliation of Equity as at 1st April 2015 and 31st March 2016 and Statement of Profit and Loss for the year ended 31st March 2016

a. Depreciation of Property, plant and equipment

Ind AS 16 requires tangible items that are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes; and are expected to be used during more than one period, to be classified as property, plant and equipment. Accordingly, items such as spare parts, stand-by equipment and servicing equipment are capitalized when they meet the definition of property, plant and equipment, i.e., if the company intends to use these during more than one period. Otherwise, such items are classified as inventory. At the date of transition to Ind AS, an increase of ₹387.09 lacs was recognised as on 1st April 2015 in property, plant and equipment net of accumulated depreciation due to recognition of spare and other items as property, plant and equipment. For the year ended on 31st March 2016, increase in depreciation was charged in the statement of profit and loss ₹71.33 lacs.

b. Dividend

Under Indian GAAP, proposed dividends including Dividend Distribution Taxes (DDT) are recognised as a liability in the period to which they relate, irrespective of when they are approved by the shareholders. Under Ind AS, a proposed dividend is recognised as a liability in the period in which it is declared by the company (usually when approved by shareholders in a general meeting) or paid.

In case of the Company, the declaration of dividend occurs after period end. Therefore, the liability recorded for dividend has been derecognised against retained earnings on 1st April 2015 and recognised in year ended 31st March 2016. The proposed dividend for the year ended on 31st March 2016, recognized under Indian GAAP was reduced from other payables and with a corresponding impact in the retained earnings.

c. Deferred tax

The various transitional adjustments lead to temporary differences. Deferred tax adjustments are recognised in correlation to the underlying transaction either in retained earnings or a separate component of equity. On the date of transition, the net impact on deferred tax liabilities is ₹32.03 lacs.

d. Re-classifications

The Company has made following reclassification as per the requirements of Ind-AS:

- i) Assets / liabilities which do not meet the definition of financial asset / financial liability have been reclassified to other asset / liability.
- ii) Re-Measurement gains/(losses) on defined benefit plans on long term employee benefit plans are re-classified from profit and loss to OCI.
- iii) Non-cash incentives considered as separate performance obligations are netted off with revenue under Ind AS. However, under IGAAP the same was classified under 'Other Expenses'.

e. Borrowings

Under Indian GAAP, transaction costs incurred in connection with borrowings are amortised upfront and charged to profit or loss for the period. Under Ind AS, transaction costs are included in the initial recognition amount of financial liability and charged to profit or loss using the effective interest method.

f. Other comprehensive income

Under Indian GAAP, the Company has not presented other comprehensive income (OCI) separately. Hence, it has reconciled Indian GAAP profit to profit as per Ind AS. Further, Indian GAAP profit or loss is reconciled to total comprehensive income as per Ind AS.

Notes to the financial statements (Contd.)

as at and for the year ended 31st March 2017

g. Intangible assets

As per the requirements of Ind AS 38, the Company has capitalised ₹5,169.12 lacs (present value) being the cost of socio economic welfare expenditure and provision thereof has been made in the accounts. For more information, refer note 16.

h. Sale of Goods

Under Indian GAAP, sale of goods was presented as net of excise duty. However, under Ind AS, sale of goods includes excise duty. Excise duty on sale of goods is separately presented on the face of statement of profit and loss as an expense.

As per our report of the even date.
